

VOL. XI. NO. 5.

SANTA ANA DAILY REGISTER, FRIDAY EVENING, DECEMBER 3, 1915.

50 CENTS PER MONTH

HAMBURG HEADS BE SENTENCED TOMORROW IS DECISION

Defense Says Conviction Of
Teuton Line Officials
Mere Skirmish

JEROME AVERS REAL BATTLE COMES LATER

Insufficient Evidence Will Be
Claimed, Announced By
Attorney Rand

NEW YORK, Dec. 3.—Judge Rowe today postponed until tomorrow sentencing the four Hamburg-American line officials, who were yesterday convicted of violating United States neutrality laws. The four officials undoubtedly intend to carry the case to the supreme court, demanding a new trial on the charge of sending German raiders supplies under false manifests.

The defendants were permitted their freedom on the same bonds furnished after their arrest.

Defense Attorney Rand intends to claim insufficient evidence, and a judicial error in demanding a second trial.

Defense Counsel William Travers Jerome, said:

"We have lost only our first line trenches. You can't make war without losing occasionally. This is just a skirmish, leading to a real battle later."

GUN MAN TERROR RAGES IN L. A. EARLY TODAY

LOS ANGELES, Dec. 3.—Bold and desperate gunmen were busy in the downtown streets early today, robbing at the muzzles of their pistols, five men.

All of the hold-ups were in the downtown section and within a few blocks of the police station.

Working on a street car track at Sixth and Main streets, Carl Shipman, 116 South Main street, and J. Carrillo, 920 East Ninth street, were held up and robbed by a lone bandit, unmasked, who flourished a revolver of heavy caliber.

Neither had any money in his clothing, but the bandit obtained a valuable watch from Shipman.

John Gayer, 463 Ducommun street, was held up in South San Pedro street and robbed of \$1 and a watch. E. Dot, 117 1/2 Wilmington street, was held up near his home and robbed of his watch and chain by three bandits.

Clark Sims, 758 Lake street, was held up in Walt street. He lost \$32.

PASSPORTS BY U. S. ISSUED TO FORD

WASHINGTON, Dec. 3.—The State department today issued passports to Henry Ford, Mrs. Ben Lindsey and several other peace ship delegates.

EUROPE INTERESTED

WASHINGTON, D. C., Dec. 3.—European interest in the Ford peace ship expedition is indicated today. Several foreign representatives have asked the state department if the American government has sanctioned the trip. The answer was no.

Bryan to Join Ford

WASHINGTON, D. C., Dec. 3.—Representative Bailey of Pennsylvania today announced that former Secretary of State Bryan intends to join the Ford peace party in Europe within three weeks. Bryan met Bailey and urged him to maintain his fight against preparedness.

Californian Enraged

NEW YORK, Dec. 3.—An ignorant doorman today refused to admit the Reverend Charles F. Aked of San Francisco to the Ford peace headquarters. Rev. Aked departed, enraged. Later Secretary Lochner interviewed Aked, apologized for the doorman, and escorted Aked to Ford's office. Aked was appeased and agreed to make the trip.

CHARGED WITH MURDER

SAN BERNARDINO, Dec. 3.—Holding that Archie Cooper, who was killed in a street duel in San Bernardino, with his room-mate, William Newby, came to his death at the hands of Newby from rifle shots, fired with intent to kill, a coroner's jury in San Bernardino has held Newby responsible for the death. A complaint charging Newby with murder will be issued.

Rain tonight and Saturday; southerly winds.

Officer Pond's Fierce Yell Is One That Scares

He Tries It Out On Couple of
Youngsters Here
Early Today

When Officer C. L. Pond opens up his mouth and yells he might as well yell to death. This morning two runaway boys from Los Angeles wilted, quailed and had spasms when Pond, who was chasing them, shouted: "Stop, you rascals, or I'll bore a hole in you!"

Pond got word that there were three youthful wanderers in the southwest part of town. He went thither. He found them, and each looked the officer square in the eye and talked Italian as though his heart would break.

"Come on with me," said Pond. The boys understood these words, for immediately the leader of the desperadoes yelled to the others to run. A man who was with Pond took after one of the trio, and Pond took long, swift strides after the others. The boys were good runners, and though Pond has distinguished himself as a Marathon runner among cockle burrs he was afraid the boys would still be running when his wind got feverish. That is why he yelled fiercely. The two boys stopped forthwith.

The third boy, however, was chased by a man whose yell was not scary. That youngster put up a scrap, but to no avail.

The boys are at the Detention Home awaiting a Los Angeles officer. They admit that they are runaways from Los Angeles, and at least one is on probation there. Their names are Salvatore Dalio, John David and Angelo Nago.

RUSH U. S. CUTTERS IN AID AS FREIGHTER POUNDS TO PIECES

KEY WEST, Fla., Dec. 3.—Two coast guard cutters today sped to the relief of the Spanish freighter Reinamaria Christina, aground off the Florida reef and battering to pieces.

CHARGE BRITISH URGE U. S. MEN DESERT ARMY

PORTLAND, Dec. 3.—The American Neutrality League of Oregon today telegraphed Senator Chamberlain at Washington, alleging that Canadian recruiting officers were inducing American soldiers to leave the Vancouver barracks, Washington, to join the British army. The league asserted that the Oregon Deutsche Zeitung has investigated, ascertaining wholesale and unrestrained desertions from Vancouver. It alleged that American soldiers exhibited in Portland saloons Canadian recruiters' letters offering Americans inducements to join the Allies.

LIVES 5 MONTHS WITH SHRAPNEL IN BRAIN

LONDON, Nov. 2 (by mail).—A true British "die hard" is recorded with the death in the Norwich hospital today of Private Albert Sepple, Second Leicester Regiment, who lived nearly five months with twelve pieces of shrapnel in his brain, his right side paralyzed and his left shoulder and knee shattered. Some of the shrapnel in Sepple's brain was as large as a pea. Surgeons marveled that he did not lose consciousness. He was frequently asked to demonstrate that he was conscious by whistling, which he did. He gradually lost strength and died. Sepple was wounded at Ypres, June 6.

L. A. HARBOR HEADS SUED FOR \$50,000

LOS ANGELES, Dec. 3.—E. H. Sleeper, the former city employee who charged incompetence against harbor works officials, today filed a \$50,000 libel suit against F. T. Woodman, C. N. Gordon, J. P. Gilmer, harbor commissioners; S. A. Jubb, assistant harbor engineer, alleging that they attacked his reputation in a letter to the Civil Service Commission.

LOCAL MAN NEAR DEATH IN L. A. AUTO-ENGINE SMASH-UP

Dr. F. E. Winter's Arm Broken
In 7th Street Wreck
Early Today

LOS ANGELES, Dec. 3.—His automobile skidding into a Santa Fe switch engine on Seventh street early today, Dr. F. E. Winter of 127 South Main street, Santa Ana, sustained a fractured right arm as well as bruises. F. A. Fisher of Los Angeles, who was riding with Dr. Winter, escaped with slight bruises.

Dr. Winter's automobile was nearly demolished. Both men were thrown violently to the pavement. They were rushed to the receiving hospital.

Dr. Frank E. Winters' rooms at 127 South Main street, where no word concerning the wrecking of Dr. Winter's car and his injury had been received up to noon today, Dr. Winter left here yesterday afternoon about 4 o'clock.

Dr. Willard Dubois is taking care of Dr. Winter's ailments during the time that the injured man is confined in the hospital. This afternoon it was learned here that Dr. Winter may have a fracture of the hip and that it will probably be several days before he will be able to leave the hospital.

BARGE SWAMPED AT S. F.; STORM COMES SOUTH

SAN FRANCISCO, Dec. 3.—The first storm of the season is moving southward. High winds are lashing the coast between Eureka and San Francisco at the rate of forty-seven miles an hour off Point Reyes.

Storm warnings have been issued. Coastwise vessels are seeking cover. The barometer is far down, indicating that the gale is increasing in severity. The increasing rain and gale is lashing the coast.

One oil barge was swamped in the bay.

CARSON, FORMER TIGER PITCHER, TRAFFIC COP

SAN DIEGO, Dec. 3.—Al Carson, former star pitcher for the Venice and Portland baseball teams, now a traffic policeman here, occupied the pedestal today. Mrs. Eugene Behnel's life is believed saved due to his bravery in grabbing the bridle of a runaway horse dashing at break neck speed through the downtown streets. He was dragged 30 feet, but made the terrified animal swerve and thus avoid hitting Mrs. Dahne, who was standing in its path. Mrs. Dahne is the wife of one of the Brazilian directors at the exposition here.

SUGAR GOES TO \$5.51 NEARLY NEW RECORD

CHICAGO, Dec. 3.—Spot raw New York sugar quoted at \$5.51 per hundred weight, nearly a record for the year. The heavy foreign demand and the efforts of shorts to cover, is responsible. This will not affect consumers.

GIRL SUED FOR HEART BALM IN BAY CITY

SAN FRANCISCO, Dec. 3.—Reversing the usual order, Dr. Charles S. Eagle of San Mateo today sued Miss Lola Redwing, demanding \$15,000 heart balm. He alleges that the girl accepted gifts and a \$130 engagement dinner, then broke the engagement.

BANDIT SUICIDES

SAN FRANCISCO, Dec. 3.—A bandit named Smith today held up Robert E. Chapman, proprietor of the Francis Apartments, in the hallway of the hotel. Chapman resisted and Smith fled. The thug barricaded himself in a room. The police attacked and a pitched battle followed. Smith finally suicided.

TO BOX IN DENMARK

OAKLAND, Dec. 3.—William J. L. Herat, amateur light and heavyweight champion of the world, today signed articles to fight three bouts before the Idratsforeminger Sparta Club, in Denmark in February.

15 L. A., 43 BAY CITY NURSES PASS EXES

SACRAMENTO, Dec. 3.—Fifteen nurses from Los Angeles and 43 from San Francisco passed the examination for state registered nurse. They now are eligible for employment in state hospitals without having to pass civil service examinations.

MYSTERY SENDER OF POISON TO SCHOOL GIRL IS SOUGHT

Death Orange Eaten By Red-
lands Child, Belief Of
Authorities

SAN BERNARDINO, Dec. 3.—Mysteriously poisoned, Orta Hedges, the 14-year-old Redlands school girl, today is lying dead, while authorities at the San Bernardino hospital are analyzing the contents of her stomach in an attempt to reveal the circumstances surrounding her death. The girl died yesterday. It was supposed, of pomegranate poisoning, due to eating tainted beans.

An investigation last night showed that the girl's death resulted directly either from eating an orange given her by someone on her way home from school, or from which in some mysterious way got mixed with quinine in a capsule taken by the girl.

Mystery

Why anyone should have given the girl a poisoned orange—if deliberately—is something that authorities have not determined.

The quinine capsule was taken by the girl on her return home from school yesterday. She was feeling ill at the time. Shortly after taking it she went into convulsions and died. The fact that Mrs. Jennie Hedges, her mother, took two of the same kind of capsules at the same time has caused authorities to turn their attention to tracing the orange.

Had Headache

All that is known of the orange has been gained from what the girl said when she reached home. After saying she had a headache and felt badly, she added that some one had given her an orange and that she had eaten it.

In a hurried examination of the girl's body last night physicians announced that death was due undoubtedly to poisoning.

HAIL OF BOMBS TO MARK CLOSE OF BIG FAIR

SAN FRANCISCO, Dec. 3.—Despite continued rain, exposition officials early today predicted huge attendance during the fair's last two days. It is anticipated that more than 200,000 will witness the closing exercises.

President Moore hopes that the exposition attendance will total 18,750,000.

At midnight tomorrow 635 mortars will hurl bombs, exploding simultaneously on the waterfront, indicating the end of the exposition.

Want Tower of Jewels

SAN FRANCISCO, Dec. 3.—Mayor Capps of San Diego, heading a committee of San Diegans which is negotiating the removal of the tower of jewels from San Francisco to San Diego, is today trying to purchase the steel frame work and outer decorations.

BANDITS TRAPPED IN SWAMP FACE STARVATION

RHINELANDER, Wis., Dec. 3.—Military and civilian forces today surrounded a swamp three miles in circumference, seeking to starve out three bandits. The fugitives killed two deputies Wednesday.

ORDER U. S. SHIPS TO RETURN FROM HAITI

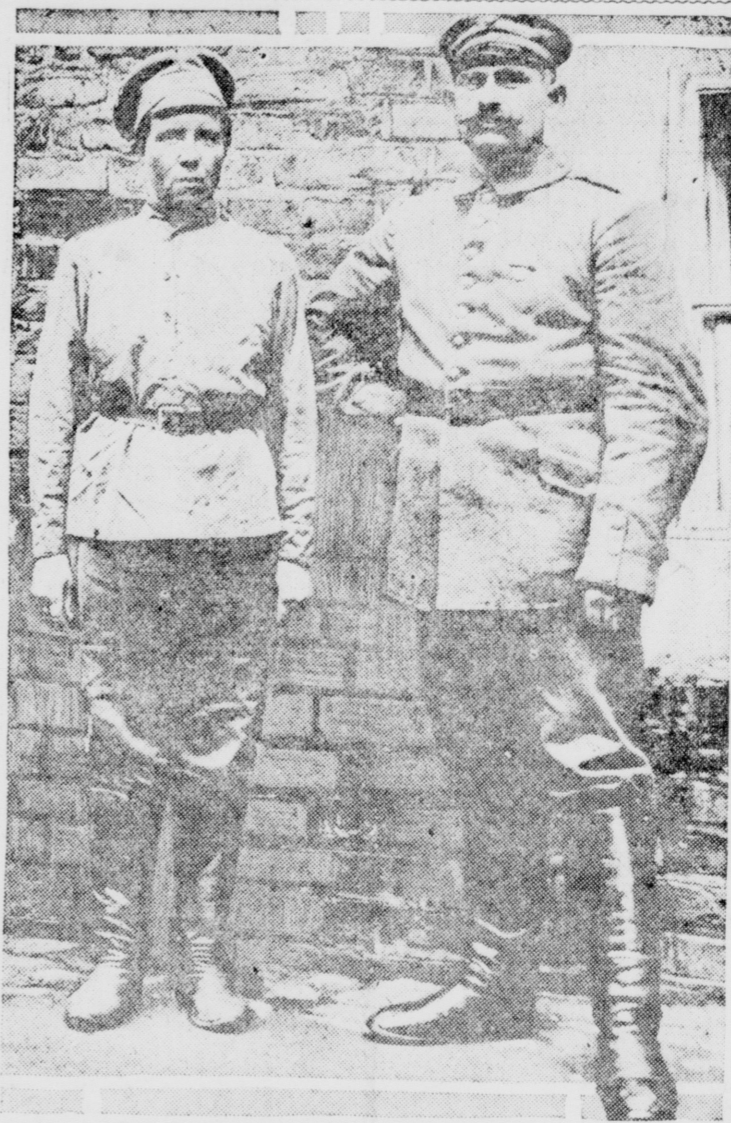

WASHINGTON, D. C., Dec. 3.—Conditions throughout Haiti are greatly improved, according to a dispatch received here from Admiral Caperton. The Connecticut with 300 marines aboard has been ordered to return to Philadelphia. Two cruisers, four gunboats, a transport and 2000 marines, now stationed in Haitian waters, will be withdrawn gradually.

HELD AS LETTER LOOTER

LOS ANGELES, Dec. 3.—As Fred B. Gillenwater, 320 Reno street, a city letter carrier, stepped from the Leighton Hotel into his new automobile early yesterday Postal Inspector Ranger arrested him on the charge of looting the mails.

A letter with a \$5 bill inclosed was used as a trap, it is said, and Gillenwater's arrest followed.

HERE is proof that some Russian women are fighting in the ranks with the soldiers of the czar. This woman was taken prisoner by a German soldier after the retreat from Warsaw. The photograph shows her with her captor.

GRAND JURY FINDS BUSINESS OF COUNTY IS RUN SATISFACTORILY

Large Percentage of Money Raised By Taxes Goes to Schools
—Says Criticism of Rock Crusher Largely Due to Lack of Information—Many Minor Suggestions Made

Declaring the business of the county to be efficiently and satisfactorily run, the grand jury yesterday handed its report to Judge West, and was discharged. This grand jury made a record in quick work. Its members are reported to have taken the view that it is not advisable for the grand jury to investigate matters that properly belong to authorized officials. Whatever the reason, the grand jury waded into its work, finished the job with dispatch, and rendered its conclusions.

In general, the county and city departments are commended. Specific commendation is given in several instances. Minor criticisms are made. It is pointed out that a large part of the money raised by taxes goes to schools.

Among the recommendations are: That county and city treasurers use every effort to loan county money out as provided by law. That the authorities use what power they may have to prevent criminal and indigent Mexicans from coming here. That special care in all schools be used to see that doors open outward and that fire drills be instituted. That the books of the City of Orange be taken as a model by other cities. That any books not satisfied with the way the county hospital and farm are run, go there and see for himself. That the expenses of the forestry department be cut to a minimum.

The reference to the county hospital and farm, the management of which is commended, is not the only reference that may be taken as the conclusion of the grand jury as a reference to complaints made in the last year by the Taxpayers League. The grand jury declares that the criticism of the county rock crusher, which was attacked by the Taxpayers League, was due largely to a lack of information.

The establishment of the aid commissioner is declared to be a step in the right direction.

The grand jury's report is printed herewith, excepting a tabulation of receipts and expenditures of Newport Beach and the trial balance, expenditures by roads and distribution of payroll of the County Highway Commission, similar statements of which have hitherto been published in the Register. Owing to the length of the report these had to be omitted in the following:

We, the members of the Orange county grand jury, composed of the following named citizens of said county: F. E. Proud, M. S. Summers, E. E. French, F. J. Dettenthaler, C. W. Brockett, A. L. Whitman, J. F. Stone, P. J. Knight, E. W. Boynton, D. F. Sharratt, Theodore Lacy, P. B. Glover, W. D. Stall, H. M. Gray, P. A. Isenor, W. A. Ritter, O. P. Bunyard, with John C. Cullen as foreman and electing J. A. Hankey as secretary, having investigated all matters pertaining to the business and financial affairs of Orange county, its various cities and such other matters and complaints as were brought to our attention, we herewith submit the following report:

In a general way we may say that the county's business is conducted in an efficient and satisfactory manner. The very large and constantly increasing business of the county, with a corresponding increase in the duties of the various officers of the county, is in the hands of capable and trustworthy men and women.

COUNTY OFFICERS

Board of Supervisors
We have carefully examined and checked all vouchers and demands allowed and with the exception of a few minor errors occurring in the totaling of long lists of small items, found them to be correct.

We have also compared the auditor's books in all entries made from November 1, 1914, to November 1, 1915, with those of the treasurer's books and find them to tally correctly. We desire to commend at this time the efficient and up-to-date manner in which the business in the auditor's office is being done, and at the same time to express our appreciation of the assistance on numerous occasions given your committee.

5000 BRITISH IN BAGDAD DEFEAT ARE TAKEN BY TURKS IS REPORT

Berlin Official Announcement
Verifies News Of Eng-
lish Rout

REICHSTAG ON DEC. 9 TO DISCUSS PEACE

Fall of Monastir to Germans
Has Not Been Officially
Confirmed

BERLIN, Dec. 3.—The rout of the British south of Bagdad is contained in today's official announcement. Five thousand British were captured between November 5 and 25. The news of the disaster suffered by the English came unofficially yesterday.

REICHSTAG TO DISCUSS PEACE DEC. 9

LONDON, Dec. 3.—A Swiss dispatch today declared that the German Reichstag has obeyed the Socialists' demands and has scheduled a discussion of peace terms December 9th. The Socialists ask that the chancellor discuss the basis of German peace terms.

LIVES LOST AS BRITISH STEAMER SINKS

LONDON, Dec. 3.—The British steamer Langton Hall has been submerged. A portion of her crew landed.

NO OFFICIAL NEWS OF MONASTIR'S FALL

SALONIKI, Dec. 3.—Reports today from Florina, Greece, declared that the Austro-Germans captured Monastir Thursday. Official confirmation is lacking.

WAR PLOT TRAIL LEADS TO L. I., BAY CITY HINT

WASHINGTON, D. C., Dec. 3.—Following the conviction in New York of the Hamburg-American officials the government has turned its attention to the case of the owners and officers of the steamship Sacramento at San Francisco, who are scheduled for trial December 11, on a charge of sending munitions to German commerce raiders off the Golden Gate.

Attaches Persona Non Grata

WASHINGTON, D. C., Dec. 3.—Secretary Lansing today formally announced that he had advised German ambassador, Von Bernstorff, that naval attaché Roy-Ed, and military attaché, Von Pape, were persona non grata with the American government. He asked that Germany withdraw them on "account of their objectionable cumulative activities in connection with naval and military matters."

SAN FRANCISCO, Dec. 3.—Well informed authorities today hinted that the trial of C. C. Crowley, detective and alleged anti-aircraft bomb plotter, has led to Cedarhurst, L. I., the German ambassador's summer headquarters. The hints did not reveal whether Crowley's work led him to visit the ambassador or attaches Roy-Ed and Von Pape there.

It is believed likely that information concerning Cedarhurst has been obtained from Louis J. Smith, the alleged Crowley understudy, before the grand jury.

It is semi-officially stated that the government intends to prosecute Crowley on a charge of fraudulently using the mails in furtherance of anti-ally plots.

HOLD SALT LAKE MAN; CHARGE WIFE KILLING

SALT LAKE CITY, Utah, Dec. 3.—Dr. Herbert R. Marshall of Salt Lake was arrested at Sabatha, Kan., at the request of the Salt Lake police on a warrant charging him with the killing of his wife here last Sunday.

Mrs. Marshall was found dead with a bullet in her head at their room in a hotel.

Dr. Marshall insists that the death was accidental.

SYRACUSE TEAM AT S. F.; LEAVES TODAY

SAN FRANCISCO, Dec. 3.—Syracuse University football team today arrived from Portland and will leave tonight for Los Angeles, where it meets Occidental tomorrow.

WILSON TO HEAL SENATE BREACH REPORT TODAY

(BY BOND P. GEDDES.
WASHINGTON, D. C., Dec. 3.—President Wilson's intervention will heal the growing breach over the proposed re-election of Senator Clarke of Arkansas, as president pro tem of the Senate, and the cloture question deadlock, which is imminent.

The Senate's Democratic caucus resumed its session, still divided on both subjects.

The senators fail to agree on the cloture proposal, the advocates of the measure today announced that they intend to carry it to the floor for a final fight, in which Progressive and Republican assistance is expected.

Over the question of electing a president pro tem, the caucus split rather evenly.

A strong fight is on against Clarke, and in favor of Pomeroy of Ohio.

The Republicans held a "get-together" session. Harmony was the watchword.

Minority Leader Mann declared that the Republicans intend to fight any effort to rush through the preparedness program as a cut and dried affair.

DISABLE BOILERS OF MINNESOTA, RUMOR

SAN FRANCISCO, Dec. 3.—It is rumored that the return of the Hill liner Minnesota, the largest vessel flying the American flag, which left Seattle November 14 for London with a cargo of 16,000 tons of foodstuffs, to this city was caused by agents of the German government who had something to do with the disablement of the ship's boilers.

MOTHER POISONS CHILDREN; HELD AS SLAYER

CAMDEN, N. J., Dec. 3.—Mrs. Mabel Fields, 24, today told the police that she bought rat poison on Thanksgiving and mixed it with her two children's scented dishes of oatmeal and that she tried to suicide in the same way. The children died. The mother recovered. Women are organizing to fight the murder charge which has been brought against her. Their defense will be that the husband's ill treatment and the lack of money and food on Thanksgiving caused Mrs. Fields to become insane.

'PAINLESS' ZEPP RAID STARTLES ANGEL CITY

LOS ANGELES, Dec. 3.—Bombed with a volley of large electric light globes, evidently thrown from a high building, pedestrians who were being "painlessly" Zeppelinized in South Main, between Fifth and Sixth street, early today appealed to Sergeant of Police J. J. Mart to apprehend the globe hurler.

Mart searched the building from which he thought the globes were thrown, but could not find the person who threw them. Returning to the street, he was struck on the head by one of the lights.

The sergeant summoned a night watchman and again went through the building, finding neither the "sniper," nor his ammunition.

At last Mart sent in a call to the police for additional men and more than a score of policemen were staked at vantage points and sent through the building. Absolutely no trace of any suspicious person could be found. At daylight, the sharpshooter grew weary of the sport, or ran out of shells, and retired.

INDUSTRIAL SCHOOLS THROUGHOUT COUNTRY PLAN OF CAMINETTI

SACRAMENTO, Dec. 3.—Industrial education schools may be established throughout the nation if the fight of A. Caminetti, United States commissioner of immigration, proves successful. In a report he is now preparing, Caminetti urges Congress to pass the Page bill, which carries a big appropriation for the establishment of such institutions.

"The Page bill would provide trade and agricultural courses for boys and girls," said Caminetti, in discussing the measure with six officials of the State Department of Education. "It would give them something they should know and which would prove a benefit to them, and therefore I favor it and urge its adoption. I think it is right for the government instead of individual communities to stand the expense."

HOSPITAL COIN IS EMBEZZLED, CHARGE

LOS ANGELES, Dec. 3.—Charging that the Children's Hospital Society never profited by the boxing match that was given November 22, 1914, at Vernon arena for the benefit of the society, Mrs. K. P. Crutcher, who was president of the society at the time, yesterday signed a complaint charging Warren McIntyre, an advertising man, with having embezzled \$226.51. This amount, Mrs. Crutcher told Deputy District Attorney Joos, was the society's share of the gate receipts from the boxing contest.

What War Moves Mean

By J. W. T. Mason.
Written for the United Press.

BY J. W. T. MASON.
(Written for the United Press.)

NEW YORK, Dec. 3.—Resignation of three Austrian ministers following the Kaiser's visit to Vienna indicates that internal differences necessitated the meeting of the emperors.

It is probable that the domestic situation in Austria is most threatening, or otherwise the Kaiser would not have interfered—as it seems he has done. The financial successors of the three who quit are probably selections made by Germany, for Germany, a long time since assumed supreme direction of the war and her victories date from that time.

Apparently, too, Germany has also assumed responsibility for Austria's internal affairs. The result will be to give Austria new life for a time. But the Germans cannot spare their own resources to help their neighbor. On the other hand, however, they can prevent waste in Austria, through better organization, patterned after the German plan and make a fair distribution of supplies arriving from Turkey and the Balkans.

RIOT IN L. A. JAIL

LOS ANGELES, Dec. 3.—East Side jail prisoners today rioted. They hurled food plates and refused to work. They declared the food bad. Jailer Henderson threatened to starve them into submission.

BEGIN SHIP BILL FIGHT ANEW IN CONGRESS

WASHINGTON, Dec. 3.—Administration henchmen in Congress are repairing their armor and whetting their swords for a vigorous renewal of the fight for passage of a ship purchase bill.

Smarting under the defeat of the bill by the filibuster in the Senate last session, Democratic leaders are resolved to carry the ship purchase fight to a finish.

The bill proposed will be almost identical with that of last session. Democratic senators are predicting victory for the measure. With the two leading anti-shiping bill opponents, Root and Burton, out of the Senate, they declare the opposition will lack much of the strength which enabled it to prevent passage of the bill last session.

The shipping bill fight has created a problem of selecting a new president pro tem of the Senate and probably a new Democratic floor leader. Senator Clarke of Arkansas, the president pro tem, earned the cordial antagonism of his Democratic colleagues by going to the opposition to the shipping bill last session. The plan is not to offer him re-election to the presidency pro tem, but to select in his place Senator Kern of Indiana.

The La Follette seamen's bill is to be fought "coming and going." Its original supporters purpose to fight for its amendment so as to remedy defects which the department of justice has found in it. Under the rulings of the department of justice features of the bill most desired by La Follette have been rendered ineffective.

On the other hand, a strong effort will be made for the complete repeal of the bill. The steamship companies, which say the measure will force them out of business, have been conducting a vigorous campaign against the bill for months.

This session's conservation program will include a land leasing bill, a general dam bill and a radium bill.

Senator Walsh of Montana is planning to reintroduce his bill providing for the sale to the government of radium or carnotite ore mined by private corporations on leased public lands at market price. The bill also will provide for the establishment of a radium refining plant owned and operated by the government to handle the radium ore. The aim of the bill is to combat the so-called radium trust.

L. A. BANDIT NABBED AFTER PISTOL DUEL

LOS ANGELES, Dec. 3.—Surprising four Mexicans in the act of holding up a Jap early today in Commercial street, G. A. Morrissey, a deputy constable, opened fire on the four bandits with a revolver, put them to flight and after a running gun battle of more than a block, captured one of the men.

The man arrested gave the name Cruz Romero. He was booked on a charge of highway robbery and confined in the city jail.

The Jap was T. Kato. He was robbed of \$12 and a silver watch.

More than a score of shots were fired in the battle and many of them narrowly missed the constable. After arresting Romero, Morrissey handcuffed him to a telephone pole and resumed his pursuit of the other three. He could not overtake them, however.

BOY LOOTER TO BE LAWYER ON RELEASE

POMONA, Dec. 3.—Earl Standard, who was sentenced to ten years' imprisonment for looting the American National Bank of Pomona of \$150,000, is to return to Pomona to take up the practice of law when he is liberated from McNeil's Island Federal Penitentiary, according to information received by the boy's mother here.

\$35,000 FIRE AT SAN BERNARDINO

SAN BERNARDINO, Dec. 3.—San Bernardino firemen early today still were fighting a blaze which has practically destroyed the Home Furniture Company's building in the center of that city, with a total loss of about \$35,000.

The fire started at 2:30 o'clock and for a time threatened the Newburg building, in which are several large stores. The firemen succeeded in confining it to the Home Furniture

building, however.

The blaze originated from spontaneous combustion.

U. S. BUSINESS IMPROVES

WASHINGTON, Dec. 3.—Reports of business conditions have been received from the twelve federal reserve districts. Boston reports money easier. New York all trade more active. Philadelphia improvement in industries. Chicago a general recovery. St. Louis an optimistic outlook, and other points west and south a gratifying improvement over conditions of a year ago.

FAREWELL FOR COACH

BERKELEY, Dec. 3.—The entire student body here will assemble on the campus this afternoon in a farewell to former coach Jimmy Schaeffer.

NEGRO IS DRAGGED FROM JAIL, LYNCHED

FOREST CITY, Ark., Dec. 3.—A mob of one hundred masked and armed men today dragged William Patrick, a negro, from jail and lynched him. Patrick murdered a merchant.

Men's Christmas Neck Ties—2500 Beautiful Men's Ties, your choice, 25c each. Extra fine values on sale today at Gilbert's. See our windows.

URGES PLANTING OF TREES AND FLOWERS

There should not be a county road
or public highway or private driveway
in California that is not beautified and
benefitted with handsome shade trees,
either in artistic parking or linear
plantings of numberless varieties of
shade trees from the stately, semi-
tropical eucalyptus and acacias, gre-
villias, sterculias, Italian cypress and
picturesque umbrella pines, Indian
and Lebanon cedars, camphor
trees, Australian casuarinas, lan-
cets, cypresses and seedling or-
anges, to the northern maples,
elms and majestic native conifers of
our own mountains, including the
great redwood trees of our coast hills.

It does not take an unusual gift of
imagination to picture to yourself
what that would mean to life in
California; what, especially now,
when the automobile has become the
master of the highways, it would mean
to the traveler. It would indeed make
California one extended park of which
every home garden would be an in-
tegral part, and for in connection
with the magnificent wild gardens of
our surrounding mountain wilderness
with its deep singing canyons and
snowy peaks, its millions of charming
wild flowers, its shining rivers and
dancing brooks, its thundering water-
falls and blue-eyed lakes, one of the
paradises of this fair earth of ours.

And with all these great and many
formed and many colored trees with
which to surround our daily life, we
should include the graceful palms and
the hundreds of kinds of blooming
shrubs, which have the gift of grow-
ing with comparatively little care into
greater and greater size and beauty
as the months and the years pass.

There are not enough shrubs plant-
ed in our gardens. So many are sat-
isfied to lay out a little blue-grass
lawn and stick out upon it a lonely
palm or two and a few rose bushes
in stiff symmetry. Try to bring into
your garden some of the spontaneity
of the wild gardens, which after all
are the most beautiful gardens. The
easiest way to obtain this free natu-
rality is to use plenty of shrubs. But
do not plant them in stiff rows or
unfriendly singleness. Plant them in
widening masses fronting your rows
of shade trees and backing your green
lawns. Let them interlock their
flower-laden arms in friendly and har-
monious association; give them a
chance to show a little of nature's
constant fight for survival that their
forms may possess some of the spontaneity
of the wilderness.

Be most sparing with the knife and
the pruning shears. These shrubs
were not made to be clipped into
formality of shape. Our God knew
best how they should grow into their
greatest individual and concerted
beauty, so leave them as much as pos-
sible to their own free will.

With all this you may grow your
choice flowering plants and your fo-
liage plants. But these also should
be given a free handling. You see
in many home gardens, walks and
flowerbeds laid out in geometrical
lines and shapes. I hate straight lines
in any garden that is not ab-
solutely a formal garden and a
formal garden should be most rarely
used and only in connection and as
an integral part of a building—in a
tiled court, or a colonnade of classic
pillars. Bring your flowering plants
into groups, like your shrubs and
trees; create a mass of harmonious
color thereby; plant masses of holly-
hocks against the wall and not a
single lonely stalk bending with its
flower-burdened weakness. Do not
stick a red geranium out here and
there among your rose bushes, but
form flowing banks of them.

Make beds of tulips and beds of hy-
acinths. Plant your dahlias in masses
fronting your shrubberies or forming
beds along the house walls or in the
lawn. And right here I have a word
of advice: You can raise as beauti-
ful cabillas in the interior valleys as
you can on the coast if you plant them
late in June or July so as to bring
them into bloom in autumn when the
nights are cool and the scorching heat
of the summer days is past.

Spend a little money every year for
plants for your garden. This hap-
pily getting as a gift of aslip here
and a slip there, or a plant here or
there from a neighbor and planting
it out where there happens to be
open ground, without consideration
of the harmony of its surroundings, soon
makes your garden an incoherent
botch of something and everything,
neither fowl nor fish in the plant line.
Let your garden have an idea in it;
let it express something; from a co-
herent picture.

If you have just a little piece of
ground between the cottage and the
street do not be too eager to make
a lawn of it and then use a tape line
and measure out the exact position
of a palm on each side of the path.
To me a lawn has only a meaning
where it forms a part of a landscape,
and that you can hardly claim for
ten feet of ground between the house
and the street. It is for better to
pack this space with handsome groups
of flowering shrubs and front them
with a large bed of flowers rich in
color and fragrance, varied in form
and lines—far more interesting to
your soul than a patch of closely-
clipped grass, shorn and devoid of all
character except that it is green—
Johannes Reimers, Berkeley.

SHIPS FIRST NAVELS

RIVERSIDE, Dec. 3.—Riverside to-
day shipped the first car of new crop
navel oranges. The fruit goes to
Grand Rapids, Mich. Two more cars
are scheduled to go Saturday. The
fruit is coloring fast. All fruit ship-
ped must meet the government's eight
to one test.

CHINA NEUTRAL

PEKIN, Dec. 3.—Reports that China
had received proposals in regard to
joining the entente powers was denied
in a statement issued from the foreign
office here yesterday. "China," the
statement said, "is resolved to remain
neutral."

WESTMINSTER NEWS BUDGET

WESTMINSTER, Dec. 3.—Rev. and
Mrs. W. J. Waltz have had as their
house guests Mrs. Hart and daughter
from Minneapolis, Minn.

Mrs. M. J. Thompson, who has been
a guest of her daughter, Mrs. E. A.
Phipps, for some time, went to Port-
ville this week to spend the winter
with her sons.

Mrs. Eva Dickey was chaperone at
a house party at Seal Beach from

Thursday to Sunday. The guests
were from Pasadena, Hollywood and
Huntington Beach.

Mr. and Mrs. Charles Smithling,
Lois Smithling and Mr. and Mrs.
Harry Penhall spent last Saturday at
Laguna.

Mrs. Roy Blakely entertained with
a party on Monday evening in honor
of her husband's birthday.

Mrs. Fred Wright is very sick. Dr.
Shank of Huntington Beach is in at-
tendance.

Mrs. Arthur Foglar is reported quite
ill.

Orel Hare returned Sunday from a
three day's trip to Antelope Valley.

Mrs. O. C. Hare spent several days
last week with her mother, Mrs. Ed
Larner, near Smelter.

George Manning of Los Angeles
spent Sunday with V. R. Shaffer and
family.

Miss Mamie Jenkins spent Thank-
sgiving week with her sister, Mrs.
Frank Turner, at Stanton.

The hotel is being painted. Ben
Craig is doing the work.

E. C. Phelps, who has been sick
with the grip, is improving. Arthur
Phelps and family of Garden Grove
spent Sunday at his father's home.

Mr. and Mrs. Charles Smithling
spent Thursday with their daughter,
Mrs. S. Hughes, at Long Beach.

Mr. and Mrs. L. Twogood and
family spent Thanksgiving at Orange
County Park.

D'EXMA

New Herbal Skin Balm

Skin suffers—when we advise you to use
D'EXMA, the new herbal skin balm, we are
advising you right. We have found nothing
that begins to equal this formula, made exclu-
sively from Nature's healing herbs.
The Lakeview Laboratories of Chicago have
given us the exclusive right to sell D'EXMA
in our home town, and we have made so many
friends by recommending this great formula
that we want you to try a box today on our
guarantee to you. If you are not thor-
oughly satisfied, come and get your money back.
Suffer no more. D'EXMA is the answer.
WHITE CROSS DRUG STORE

WINSLOW ELECTED TREASURER C. OF C.

The resignation of H. Roy Andre
as treasurer of the Chamber of Com-
merce was accepted with regrets by
the board of directors at a meeting
last night. F. W. Winslow was se-
lected to serve in the capacity of
treasurer until the expiration of An-
dre's term. Andre has gone to the
Imperial valley.

Fifteen signs, directing motorists to
Santa Ana and showing the mileage
from various points in the county to
this city, have been installed, accord-
ing to a report made by C. S. Kendall.

It was decided that the Chamber of
Commerce will not be represented at
the San Bernardino Orange Show,
February 17 to 24, nor at the Pas-
adena Tournament of Roses. The di-
rectors decided that it would be im-
practical to exhibit at the Orange
Show and to have a float at the rose
tournament.

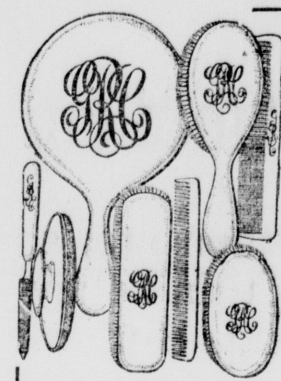

A letter from the National Defense
League, asking that all organizations
observe Defense Day on Monday, De-
cember 6, the opening of Congress,
was read and laid on the table.

A letter from the Oil Industry As-
sociation at San Francisco, asking
that the Chamber pass a resolution
requesting the governor and the
House of Representatives to exert
every honest effort to secure legisla-
tion at the hands of Congress for the
relief of the oil and allied industries
in California was read. The matter
will be investigated.

A letter from F. W. Harris of
Renton, Wash., in regard to a plan
to build a military road on the Pacific
Coast was noted.

Brothers.

Engraving on French Ivory

FREE If You Buy \$5
Worth or more

We engrave **One Initial Free** on each piece of French Ivory you buy
here, providing you purchase amounts to \$5.00 or more. You may
choose your own style of letter and the engraving may be done in
blue, pink or gold.

Give "Her" French Ivory The Ideal Gift

There is no more pleasing gift for a lady than **Good French Ivory**
toilet articles—We emphasize the word **good** because the market
is flooded with cheap and inferior imitations of French Ivory.
These you will recognize by their lightness and thinness and great
tendency to turn yellow.

Our French Ivory is Genuine—the rich, heavy, substantial kind
that wears and retains its original beauty for years. We give here-
with a list of our most popular pieces:

Combs 50c to \$1.25	Military Brushes \$3.75 to \$6.00
Hair Brushes . . \$2.00 to \$5.50	Cloth Brushes . . \$1.50 to \$4.00
Mirrors 75c to \$7.50	Soap Boxes 25c to \$1.00
Buffers 75c to \$2.25	Puff Boxes 75c to \$2.50
Nail Files 35c to \$1.00	Hair Receivers . . 75c to \$2.50
Button Hooks . . . 35c to 50c	Picture Frames \$1.60 to \$3.00
Cold Cream Boxes . 35c to 65c	Nail Brushes . . . 75c to \$2.00
Dresser Trays . . . 75c to \$2.50	Cuticle Knives . . . 35c to \$1.00

FORMER SANTA ANAN IS KILLED BY DYNAMITE

G. W. Silkwood, formerly of Santa
Ana, was killed by dynamite at
Goshen Junction in the San Joaquin
valley last Monday.

About fifteen years ago Silkwood
owned a feed store in Santa Ana. He
was a brother of H. B. Silkwood of
Garden Grove and a brother-in-law of
Mrs. E. F. Silkwood of 1517 Durant
street, Santa Ana.

Recently he has been employed on
a ranch at Goshen Junction owned by
Fred Bell, formerly of Orange. Monday
he was engaged in dynamiting for
tree planting. He had nine sticks of
dynamite beside him, and was prob-
ably working with a cap when the
explosion occurred. He was thrown
forty feet, and death was instantan-
eous.

Silkwood leaves a widow and five
children.

CALIFORNIANS WIN

LOS ANGELES, Dec. 3.—Six stu-
dents of California universities have
passed the Rhodes scholarship qual-
ifying examinations, according to word
received at Occidental College. Of
the six, Samuel Van Orsen Prichard
is from Occidental; one from Stan-
ford and four from the University of
California.

CAUGHT IN MIXER

SPOKANE, Dec. 3.—George Green,
aged 17, yesterday was fatally injured
when he was dragged into a huge
dough mixer and whirled around sev-
eral times before the machinery was
stopped.

THE TOILS OF SCHOOL CHILDREN

The extent to which their children have to study their lessons at home is a matter of anxiety to many parents. When a youngster finds himself up against the tough nuts of the latter part of the arithmetic, he has to do some pretty solid work. He is very apt to get tired, nervous and irritable. His parents deplore the overwork and cramming of the schools.

An experienced and gifted teacher, puts it as his belief, based on many years of teaching, that boys and girls in the ninth grade of school can fairly be expected to do about an hour and a half a day of home work, but should not be expected to do more than that.

Teachers in many of the higher grade schools complain bitterly of the lack of preparation of the children that come to them. They are lame in arithmetic and write in an illiterate manner. In well conducted schools a special effort is made in the eighth or ninth grades to remedy these defects of the lower grade work. That means incessant drill, so that performing the processes correctly becomes a matter of habit.

Where the strain and nervousness come in is principally because so many people, both children and grown-ups, are naturally inaccurate. The father and mother who set out to help the boy do those tough examples in measurements and partial payments, are quite as likely to make mistakes as the youngster. In doing the big multiplications and divisions it is very easy to make some trifling error that will invalidate the whole process.

It excites one's sympathy to see a child having these first struggles with the obstacles and difficulties of life. But it is a necessary part of experience. Arithmetic work is a splendid training in accuracy of detail work, which is one of the best qualifications for success in any kind of career. Where children can be properly graded, so that the brighter ones can be given an amount of work equal to their powers, while the more backward ones shall not be overloaded, better results are obtained with less friction.

KING AND HARBISON

Imperial Valley Press: While State Senator Lyman M. King, editor of the Redlands Facts, is an avowed candidate for the Republican nomination for Congress from this district, R. C. Harbison, editor of the San Bernardino Sun, is also being mentioned by numerous newspaper friends. Senator King is a man of Progressive trend, while Mr. Harbison is of the stalwart pattern. In fact, the Press considers Mr. Harbison the ablest standpat writer in Southern California.

It is related of him that once upon a time a freight train broke loose on Cajon Pass and came tearing down the track at terrific speed. Word was wired ahead and Harbison rushed out to see the engine and cars whiz past, but they left the track just before getting to the able editor and struck him with their incredible force. The engine was reduced to scrap iron. Fifty freight cars became kindling wood. But that never moved Harbison. He was so standpat that he was not moved an inch by the impact.

Harbison would make an ideal congressman of his kind. He has the brains and sagacity for the job. But we don't believe this is the year for his kind.

King has made a fine record in the state Senate. He is both clean and able, as well as progressive.

SUCCESS OF FRAUDS

A Department of Agriculture Bulletin calls attention to the selling of certain imitations of foreign patent medicines. The supplies of these being cut off by the war, unscrupulous makers in our country are getting a harvest out of worthless substitutes.

In spite of all the campaign for pure foods and drugs the public still must be vigilant. There is, however, a growing sentiment against false labels.

Herring are good little fish, and they might sell just as well even if they weren't labelled Sardines. Is it necessary to label as calf some shoe cut from the skin of an ancient animal ready to drop from old age? It does not make the boarders like skim milk any better to call it cream. People

Are you "medium build?"

Lots of men are; short, stocky perhaps; think they can't wear ready-made clothes.

Don't deprive yourself of this great modern advantage; we can fit you perfectly.

There is a Hart Schaffner & Marx suit for every kind of a figure; they have made a science of this and the result is wonderful

Give this idea a workout anyhow; saves you time, trouble, money; we'll be ready for you.

RECENT AND PROSPECTIVE
GROWTH OF ORANGE COUNTY
CITRUS FRUITS INDUSTRY

with an ordinarily developed sense of taste can detect the fact if sugar is partly flour and starch. And if roasted acorns and grains are put into coffee the consumer detects it, and the dealer who sold it to him suffers.

The American people are rather tolerant with frauds. Public sentiment or public administration seems defective when the successful adulterator can get away with his deceptions and ride in the finest automobile and dominate social life. A man with right feeling would never be happy on a fortune earned through deception. But this is an age where few questions are asked as to where money comes from.

It is a period, however, when a great and increasing number of people demand to be "shown." From now on it will be hard to found a successful business on lies. There may be some Get Rich Quick money in it. But the fraud will be shown up, and the faker may have to be idle quite a time before he works up his next scheme. The public values more and more the man who shows up everything about his goods and invites the closest inspection.

A food or medicine maker can make no more sagacious move than to submit his processes to impartial inspection, and secure reliable testimony as to their honesty. Certified goods command liberal prices.

CANNY CALIFORNIA

The State of California started in the compensation insurance business with a capital of \$100,000. Now it has this sum plus a "net accumulated unapportioned surplus" of \$206,784.78. It has returned 15 per cent of its gross receipts to policy-holders. This radiant prosperity it has attained by convincing hard-headed business men of its efficiency, reliability and good intentions. The municipal railway of San Francisco, another public enterprise, has paid running expenses, interest, and depreciation, and has a net surplus of \$179,483.50. The United Railroads, a private corporation, is notoriously in a far less fortunate position. No business man is more canny than the State of California and the city of San Francisco in their great public enterprises.—San Francisco Bulletin.

A course of Marinello Scalp Treatments consists of 6 hot oil treatments, including six shampoos, and 6 scalp treatments, alternating the treatments, giving one each week for 12 weeks.

Each scalp treatment includes the Follicle Lotion, an antiseptic followed by a thorough hand massage, then the tonic indicated, either the Astringent Tonic for oily scalp or the Marinello Tonic for dry scalp, followed by Marinello Scalp Pomade forced in by the Radio Bell and the prolonged use of Prismatic Ray, two forms of electricity which stimulate the scalp and hair and produce a restful effect on the whole system.

MARINELLO SHOP
408 North Main St.

In concluding an article on the citrus fruits industry of Orange county for the California Citigraph, Roy K. Bishop, county horticultural commissioner, says:

"From the beginning of a modest two acres planted in 1873, the industry has grown until there are 3806 acres of bearing Valencia and 6599 non-bearing. All other varieties occupy 2000 acres.

Past Year's Increase

"In the past two years, a new territory has been developing into a citrus section. This is on the mesa near the coast, and enjoys all of the conditions of the extreme coast sections. In this vicinity, there have been planted 500 acres of citrus trees, being about equally divided between Valencia oranges and lemons.

"In the past season, the planting of oranges has amounted to 400 acres, with the lemon increase of only 100 acres. The great bulk of the lemons are grown, however, in the foothill belt and the development has been very rapid in recent years. Of the 3000 acres of bearing trees, not more than 200 acres are over seven years old.

The first lemon orchard of any size was four acres planted in 1884. In thirty years, the industry has grown to 3000 acres of bearing and 1550 acres non-bearing. Yet in reality, the growth of the industry has been since 1905, or in the past ten years.

"The coming season will see the development and planting of some 300 acres of oranges and lemons east of Olive.

"There are some 15,000 acres of the very finest of citrus land lying east of Tustin that will some day be planted to orchard, the controlling factor being the development of water for irrigation.

Valencias Are Profitable

"In conclusion, it may be said that the Valencia orange and Eureka lemon are the most profitable grown, and that is the reason plantings are confined to these two; that the industry is being extended as fast as the development of water is accomplished; and that it may be expected that in a short time the county will have 30,000 acres.

HOW DOLLAR SIGN AS STANDARD OF
WORLD WOULD SAVE U. S. MONEY

NEW YORK.—How a great deal of money will be saved to American manufacturers if victory crowns the newly begun battle of American bankers to make the American dollar, instead of the British pound sterling, the financial standard for world trade, was explained to the United Press today by Max May, foreign exchange expert and vice-president of the Quarty Trust Company.

Since time out of mind the pound sterling has been the world's exchange market standard. This was because Great Britain was considered a financial Gibraltar. Britain's varying war fortunes have unsettled the pound sterling, however, and it has been wobbling up and down in value almost every day. In other words, a pound's worth of American goods today may not be a pound's worth of American goods tomorrow.

Would Protect

"If the exchange market were stable," said Mr. May, "American exporters would be able to protect themselves by knowing what prices to quote on their products.

"As it is, if a cotton man in the south sells a million dollars' worth of his product to an English firm, on ninety days' credit, he quotes a price based on the prevailing exchange rate. If the exchange rate has slumped by the time he ships his goods, the cotton man loses money. The seller bayer does not. If payment were based on American dollars that would not occur. We are trying to make a foreign buyers, governments included, pay in American dollars.

"Plans now being formulated by

American bankers to stabilize foreign exchange may accomplish this result," said he. "The huge volume of exports are working toward that end also. The scheme under consideration should make it a fact.

"Naturally, foreign buyers are not anxious to do this. Sterling has been the financial criterion in world trade for so many years it is a hard task to get them to consider it.

"Payment in dollars for exported goods from this country would stabilize the exchange market and that, I think every banker will agree, is the most important question to be settled in international banking affairs today.

Better Around \$4.65

"Sterling would be better be around \$4.65, or some nominal figure like that, at all times, than to be constantly fluctuating as it has been doing these last few months.

"In brief," concluded the exchange expert, "American exporters want the foreign buyers to assume the risk that American exporters now have to assume."

SHIPKE IN SHAPE

LOS ANGELES, Dec. 3.—Art Shipke, the giant tackle of the Occidental Tigers, who was injured during a scrimmage Monday, was back in the line-up yesterday, being able to walk around without the use of a cane.

LOANS BRITAIN \$110,000,000

OTTAWA, Dec. 3.—Subscriptions to Canada's \$50,000,000 loan to Great Britain now total nearly \$110,000,000, according to official announcements here yesterday.

THE BEFANA.

The little folk of the Italian settlement have their Santa Claus, though there is in fact no Santa for the children of Italy, who have instead their Befana bring to them presents on Epiphany, twelve days after Christmas. The Befana reminds them of the visit of the Magi to the stable where the Holy Child was born. The Befana and Santa Claus are much alike. Both are coming from the north at night to the children who behave well, and both have a predilection for stockings, which they fill with gifts of various kinds, from a cheap box of candies to an expensive doll or toy. Once here the Italians readily accept and adopt the American custom and change their Befana for the Santa, thus anticipating the date of the mysterious appearance of the gifts. Consequently the gift stores are visited now by thousands of Italians, many of whom spend lavishly if they can afford it.

Many Italian families, especially those who have been here for several years and are well acquainted with American customs, have their Christmas trees, some of them being artistically put up and liberally decorated with rich gifts. In the Italian quarters of American cities and towns many Italian fathers are seen going through the streets to buy trees for their children.

The Two Spruce Trees.
Upon a mountain, side by side,
Two friendly spruces stood,
And one was tall and filled with pride—
The monarch of the wood.

The other was a lowly tree,
Not more than six feet high,
And other spruces laughed to see
Its struggle toward the sky.

The monarch from his dizzy height
Would shout, "Why don't you grow!"
Alas, a tempest came one night
And laid that monarch low.

While by and by a woodsman came,
Who whistles merrily,
And gave the little spruce a name,
And called it "Christmas Tree."

And bore it to a house of light,
Where, gaily arrayed,
The spruce became a royal sight
By children's eyes surveyed.

And Christmas joy it brought to all,
And as the hours went by
'Twas glad for having grown so small
And was content to die.

—New York Herald.

fasting at Christmas

When Cromwell ruled England he issued an edict against all festivities at Christmas. The festival was altogether abolished and the display of holly and mistletoe and other emblems of the happy time held to be seditious.

The Yule Log

The observance of lighting the Yule log from the remnants of the previous Christmas log can probably be traced to the ancient belief in the efficacy of fire, which was supposed never to be extinguished. It is a link in the chain that binds us to bygone times when, to quote Max Muller, "the hearth was the first altar, the father the first elder, his wife and children and slaves the first congregation."

TEA TABLE TALKS
by MAY DEWITT TALMAGE.

Nothing Venture, Nothing Gain

Never be like a stick of wood washed up against the shore, instead, keep in the middle of the stream and some unforeseen current of interest rush on to new scenes and activities. If we get into the current of fear, fear of a new venture, fear of taking any risk that might not turn out as we wanted it to, if we forget the old saying, "Nothing venture, nothing gain," we are sure to be landed with the drift wood.

Sometimes the fear of advancing any new idea or an opinion that might bring about discussion or opposition hinders our progress. In our fear we forget that discussion will either strengthen our convictions or convince us of the fallacy of our thoughts.

I remember saying to a small girl: "There is no use giving you my reasons for my indecision, you are too young to understand." She looked at me with her big solemn eyes as she said: "I always think even if the other person does not understand, just telling them helps you to decide."

There was a world of philosophy in that logic which I have often put into practice, although it came from such a young head.

Perhaps from lack of will power or force of character we have drifted into some stagnant pool, away from progression, advancement, mentally or morally. Are we going to stay there? Can we not find some eddy that will

sweep us out into the world's work of usefulness and progress? Is there not some unforeseen current of interest that will take us into some scene of activity? Will we always be afraid to express our thoughts, take action, seek new fields, make any new move lest we are swept into some scene we know not of? Will we always be contented just to be sticks of wood washed up on the shore of time?

Have we not all at times been going our happy go lucky way, full of confidence that if we try to do right, everything will come out for the best, then suddenly some change has come in our life and we have found ourselves at the fork or three or four roads. If there were only two facing us, one leading to the East, the other to the West it would be enough of a problem, but when they lead in all directions, each deciding our destiny and often the lives of others, when one road might lead to Heaven and the other away from it, then it is that our nature shrinks from the responsibility of deciding and we long for guidance and a voice to say: "This is the way, walk ye in it."

CANAL SLIDES REPORT
BLAMED ON EXPERTS

WASHINGTON, Dec. 3.—A letter stating that it was impossible to predict just when the Panama Canal again would be open to traffic was received here yesterday by Secretary of War Garrison from General Goethals.

"Owing to earth movement," wrote Goethals, "there is no way of telling just when the canal will be opened again. The only thing to do is to just continue digging.

Goethals pointed out that the geological experts had "fallen down badly," saying:

"The places they picked out as safe have turned out to be the places where the worst slides have occurred."

BAY STATE TO HAVE
BIG MOTOR SQUADRON

William T. Renwick, counsel for the Massachusetts State Automobile Association, has been given authority by Governor Walsh to form a motor squadron for the State militia. He has given the state a rapid firing gun, and he is now planning to get subscriptions to purchase four motor vehicles to form his squadron. Later on another one will be added for carrying food and baggage. The four vehicles making up the squadron will be equipped with rapid firing guns, and men interested in the militia and the motor industry will man them.

UNIFORM P. E. RATES
URGED BY COUNCILMAN

LOS ANGELES, Dec. 3.—Declaring that the rates of fares charged by the Pacific Electric Company on certain lines are discriminatory against other sections tapped by the same company, Councilman Roberts yesterday asked the city council to file a petition with the State Railroad Commission to compel the Pacific Electric Company to make its rates uniform and non-discriminatory. The petition also seeks transfer privileges.

PLEADS NOT GUILTY

LOS ANGELES, Dec. 3.—Harry Duncan yesterday entered a plea of not guilty to the charge of murdering Sergeant J. F. Toolen. The date of his trial will probably be set Monday.

MUST DIM LIGHTS IN
CITIES, MICHIGAN LAW

Headlights must be dimmed in Michigan after January 1. At that time the new general law will go into effect, and it contains a provision that headlights must be so equipped that they may be dimmed on certain occasions. When a machine is being operated in a city the lights must be dimmed practically all of the time. When operated in the country the lights must be dimmed when the machine approaches and passes a machine or other vehicle bound in the opposite direction.

Doings In Social and Club Circles

HIGH SCHOOL SCHEDULE

Parent Teacher Association's Lively Discussion Proved Very Interesting

A very important meeting of the High School Parent-Teacher Association was held yesterday afternoon in the music room of the Polytechnic High School with a splendid attendance and much interest was shown. Miss Zula Brockett reported on the committee to revise the by-laws, which were adopted as revised.

The program for the afternoon was a discussion on the present schedule in the high school. A very lively discussion was held and many expressed themselves as being perfectly satisfied with the present schedule, while others thought that it should be changed to suit the needs of the pupils; that the noon hour was too short. Prof. McMath stated that the faculty was ready at any time to try to arrange a satisfactory schedule for the pupils as far as it was possible, but with an enrollment of over 800 pupils there would be some who could not arrange their program to meet all conditions. Mr. McMath advised that any one who desired further information to call and every effort would be made to make everything satisfactory. Some further discussion was held on the social functions of the high school and what the duties of the class mothers were. These vital questions, being discussed openly between the parent and teacher, bring about a hearty co-operation that otherwise would not be.

Mrs. J. N. Anderson, chairman of the ways and means committee for the City Federation, stated that some financial aid was needed by the Federation, and asked that all who were willing to furnish some home-made candy to be sold for that purpose to give her the names. A large number responded. Further notice will be given as to the time and place of the candy sale.

The Domestic Science department will have an exhibit of work done and hold an open house on Tuesday, December 14, to which the public is invited. Further notice of this exhibit will be given.

The next meeting will be a fathers' meeting and will be held in February.

Re-Elected Old Officers
At a well-attended meeting of Santa Ana Lodge of the Fraternal Brotherhood last evening, the following officers were re-elected with the exception of the mistress-at-arms:

Past President, James Ryan; President, Floyd Turner; Vice Pres., Theo. Reuter; Chaplain, Mrs. Hannah Huntington; Treas., N. L. Galbraith; Sec., Mrs. N. L. Galbraith; Mistress-at-Arms, Mrs. Myrtle Ballard; Sergeant, George Ketscher; Inner Doorkeeper, Lizzie Marslie; Outer Doorkeeper, Fred Marslie; Musicians, Mrs. Daisy Turner; Physicians, Drs. Clark, Ball and Waffle; Trustees, Theo. Lucy and James Ryan; Finance Com., Charles Burge and Mrs. Daisy Turner.

Next Thursday evening a tacky party will be enjoyed.

Travelers No. 2
The Second Section of the Travel Club of the Ebell will meet on Monday next with Mrs. C. E. French, on East Ninth street. The roll call will be "Indian Stories."

The Key-Note of Our Success is in Giving Results—Our Want Ads are noted for bringing the Greatest kind of Results—Try one to-day and see for yourself.

WORK WITH INDIANS

Topic At All Day Meeting Yesterday of First Methodist Societies

The Ladies' Aid of the First M. E. church met in the church parlors Wednesday at 11 a. m. The principal subject for discussion was the young men's banquet to be given Saturday night in connection with the tabernacle meeting.

Reports from the different sections of the Aid show that the work in these sections is progressing nicely. The northwest section will have a cooked food sale December 4 and the southwest section will have one December 11. At noon the usual gogod dinner and social time were enjoyed. The missionary meeting was called to order at 2 p. m. and as there was very little business to transact, the meeting was turned over to Mrs. W. B. Snow, who had prepared a program a little out of the ordinary.

The subject for the afternoon was "The Work Among the Indians," and she asked ladies from different churches in Santa Ana to tell what their church is doing in this work.

The following ladies responded: Mrs. Chapman, from the Congregational; Mrs. Z. B. West, First Baptist; Mrs. J. A. Stevenson, First Presbyterian; Mrs. A. J. Visel, Episcopal; and Mrs. J. E. Jayne, First Methodist. All the ladies present enjoyed the meeting greatly.

Visit From Old Friends

Mrs. Ella Fyfe had a very delightful surprise yesterday when three of her childhood friends whom she had not seen for many years, called upon her here. The reunion was a very pleasant one.

The guests were Miss Julia Michael, Mrs. George Moore and Mrs. Harry T. Lewis of Dowagiac, Mich. They have gone to San Diego and upon their return will spend two days with Mrs. Fyfe and her mother, Mrs. George R. Smith.

Sunshine Bazaar Successful

The members of the Sunshine Society, who have been working faithfully for months on articles to sell at their bazaar and cooked food sale, which was held yesterday at the Union grocery store, were highly pleased with the success of their undertaking. About \$35 was cleared.

The two beautiful quilts were awarded to Mrs. Grenke, who was presented with the pink one and Mrs. C. V. Davis the Sunshine quilt.

The Sunshine Society does a great deal of charitable work, the Day Nursery and the Blind Babies' Home in the east, being regular charges and provisions, clothing and babies' layettes are a part of their philanthropic work.

SHOWS OFTEN MENACE

Rev. P. F. Schrock Expresses Opinion Before Jefferson P. T. Association

The regular meeting of the Parent-Teacher Association of Jefferson school was held yesterday afternoon, the new president, Mrs. W. F. Palmer, presiding.

Several piano selections were rendered with fine feeling and interpretation by Mrs. Roy Peterson, and were much enjoyed. The business of the meeting was then taken up and the following grade mothers were appointed:

Kindergarten, Mrs. P. H. Norton; First grade, Mrs. S. E. Babson; Second grade, Mrs. E. C. Remsburg; Third grade, Mrs. C. E. Phillips; Fourth grade, Mrs. J. L. Stephenson; Fifth grade, Mrs. S. M. Wheaton; Sixth grade, Mrs. C. F. Millen. Committees on reception programs and decoration were also selected.

A motion was carried that the children be asked to collect and bring to school their old Christmas cards, which will be pasted back to back and sent to the children's hospital.

The movement for a Saturday matinee of moving pictures for the children, was then presented. The pictures will be censored by the P. T. A. A committee from the various associations will meet to consider the matter. Mrs. Charles R. Austin was elected to represent this association.

Rev. P. F. Schrock, speaker of the afternoon, was then introduced and made a most interesting address. Reviewing in a general way the picture shows, in their influence upon the child, he characterized them as often a menace as well as possible means of wholesome entertainment. He spoke of the advantages of a moving picture outfit owned and operated by the school.

Mrs. J. H. McElree, president of the City Federation of P. T. A., was present and suggested a reading circle, and other wider activities. She pleaded also for more co-operation with the State Federation.

A social hour closed a very successful meeting.

EPISCOPAL BAZAAR

Woman's Guild Successful Yesterday With Dinner and Sale, Clear Goodly Sum

The bazaar and chicken dinner given yesterday by the Woman's Guild of the Church of the Messiah proved most delightful and was a financial success, the receipts being about \$250. The cozy hall was made festive with red geraniums, plumosus fern and smilax, which were artistically placed upon the various tables, where the articles were displayed for sale.

The capable president, Mrs. E. V. S. Pomeroy, was in charge, the chairman of the various booths being as follows: Fancy work, Mrs. George Balderston; aprons, Mrs. Bradshaw; candy, Mrs. James Shaffer; fish pond, Mrs. Tiffany; white elephant table, Mrs. McCreary and Mrs. Page; parcels post, Miss Catherine Cubbison; men's table, Charles Osborn, E. V. S. Pomeroy and Mr. Bowman.

The dining room was in charge of Mrs. Oliver Remsburg and Mrs. R. H. English. The tables, where the appetizing meal was served, were gay with holly and poinsettias.

The ladies take this means to thank their friends and the public in general for liberal patronage.

Missionary Ladies Elect

The ladies of the Woman's Missionary Society of the M. E. Church, South, met Wednesday afternoon in the ladies' parlors, and after the Bible study with Mrs. Donan as leader, and the business of the society over, the following members were elected as officers for the coming year:

President, Mrs. Donan; 1st vice president, Mrs. Vawter; 2nd vice pres., Mrs. Kirvin; secretary, Mrs. Gray; Cor. Sec'y, Mrs. Geo. Wright; Treasurer, Mrs. Zerman; Asst. Treas., Mrs. Page; Supt. of Public Work, Mrs. Dandies; agent for the Voice, Mrs. Pardum; Supt. of Publicity, Mrs. E. B. Covington; Organist, Mrs. Armstrong.

Informal Dinner Party
Mr. and Mrs. O. S. Witt were hosts last evening at an informal, but very delightful dinner party, the dining table being beautified with pink roses and ferns. The other rooms were bright with holly arranged in baskets.

The evening was spent with music and conversation, the following numbering the guests:
J. M. Talcott, Mr. and Mrs. Henry Witt and daughter, Velma, Mr. and Mrs. Joe Witt and son, Melvin, Mr. and Mrs. Harry Hayes and Mr. and Mrs. Floyd Elliott.

Alumni and Entre Nous Dance

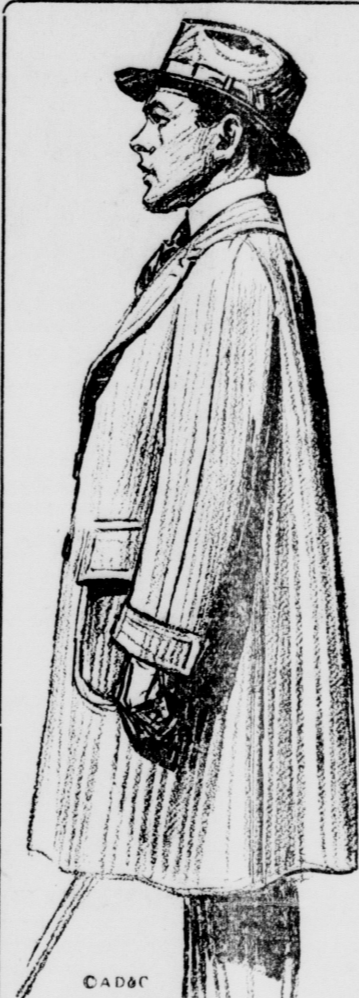

The high school alumni and the members of the Entre Nous Club will combine this year in giving a Christmas dance, which it is planned to make a very delightful affair. It will be held in Elks' hall on Christmas night.

Informal Evening at Cards

Miss Margaret Wakeham was hostess to a few of her friends last evening at her pleasant country home, the informal evening being spent with cards. Before her guests departed, Miss Wakeham served delectable refreshments.

How Much Are Your Eyes Worth?

THE HOME OF GOOD CLOTHES FOR MEN AND BOYS

ELECTED OFFICERS

Woman's Relief Corps Met Yesterday, Mrs. King New President

The Woman's Relief Corps met yesterday with a good membership present and with Mrs. Alice Yount in the chair. The candidates were balloted upon and accepted for membership.

A goodly number of sick visits were reported, but nearly all those ill reported better.

Mrs. Gifford from Minnesota gave a little talk and expects to be here all winter.
New officers were elected for the ensuing year as follows: President, Mrs. Nellie King; Senior Vice Pres., Mrs. Hannah McKean; Junior Vice Pres., Mrs. Emma C. Smith; Treas., Mrs. Beren Walker; Chaplain, Mrs. Emma Leiser; Conductor, Sarah Brown; Guard, Flora Phillips; delegates to Dept. convention, Mary Dunning, Emma Leiser, Emma C. Smith, Hannah McKean, Beren Walker, Clara Wedgwood, Sarah Brown; alternates, Mrs. Pernie Hamilton, Mrs. Amy Rolfe, Mrs. Laura Walker, Mrs. Mary Crissman, Mrs. Lotte Harvey, Mrs. Emma Huddleston, Mrs. Elmina Stevens.

To Have Food Sale

The Northwest Section of the Ladies' Aid of the First M. E. Church will have a home cooked food sale Saturday, December 4, at Hill & Blauer's grocery.

Luncheon and Dinner Guests

Mr. and Mrs. F. W. Slabaugh of Spurgeon street had as their luncheon guests yesterday at luncheon Mr. and Mrs. Stambaugh of the Palms, the table decorations being pink roses.

In the evening the dinner guests were Dr. and Mrs. J. E. Paul of this city, Mr. and Mrs. C. W. Partridge and daughter, Pauline, of Los Angeles, Mr. Von Rolf of Hollywood and Mrs. Mary Belle Chandler. The table was beautified with chrysanthemums.

The guests were all former eastern friends. The gentlemen of the party passed the afternoon with motoring about the city, while the ladies enjoyed social conversation.

NOTICE

Fried Chicken Dinner Sunday, 50c a plate at James', successor to Taylor Brothers.

Pictorial Review Fashion Books at Gilbert's. The new winter book and any 15c pattern for 25c at Gilbert's pattern counter.

CHICKEN DINNER AND BAZAAR
The Ladies' Aid Society and Amphion Circle of the Congregational Church will hold a cooked food and fancy work sale with chicken dinner served at noon Saturday, Dec. 4, in G. A. R. Hall. Everybody welcome. Dinner, 35 cents.

Ladies' Tailoring. Fall fabrics and fashions arrived, Chas. Land, 306 Bush.

LOS ANGELES DOCTOR WILL LOCATE HERE

Dr. S. V. West, formerly of Los Angeles, has recently located in Santa Ana and will soon open an office in the W. H. Spurgeon building. The doctor is a graduate of the medical department of the University of California, finishing his professional education with a two-year post-graduate course in the New York Eye and Ear Infirmary. For six years he was surgeon for the Southern Pacific railway, at Bakersfield. He will do a general practice here but will make a specialty of the treatment of women and children.

AMUSEMENTS

At the Princess

"The New Adventures of J. Rufus Wallingford" at the Princess Theater tonight only.

J. Rufus and Blackie make their second appearance under the title of "Three Rings and a Goat." As may be inferred, it is a tale of a circus, and the "goat" is Silas Bogger, one of the men who has swindled Violet's father out of his fortune and is entered in the list of those who are to make involuntary restitution. Burr Macintosh as Wallingford, Max Figman as Blackie, and Lolita Robertson as Violet, are all well cast and great successes on the screen.

Those of us who were raised west of Flat Rock Creek, Ind., will appreciate the interiors of the country hotel more than the rest of you. They are faithful representations of what Kim Hubbard would call a "good dok-lar-a-day hotel," even to the Ethiopian stationed in the dining room to keep the flies off the table. Everybody will appreciate the way in which Wallingford sells a circus he never saw before, for \$65,000 and buys it back for \$10,000, just in time to save himself from becoming a law-breaker.

At the Lyric Theater Tonight

The eleventh story in the Seal of the Navy, and only three more to be presented, is only one of the headlines at the Lyric Theater tonight. Murdock McOwaine and Edna Payne are featured in a two-act electric drama entitled "The \$50,000 Jewel Theft," while a couple of rapid-fire comedies, Max Asher, Gale Henry and Lillian Pracock in one, and Hank Mann and Peggy Pierce in the other, complete a very entertaining program of photo plays.

Big December Coat and Suit sale now on at Gilbert's. Every coat and suit has a special price. Come and see at Gilbert's today.

50c round trip to Long Beach. Six trips daily. \$4.00 round trip to San Diego. Call 399M, Cap's Stage.

I WANT TO BUY

Second hand Watches, Antique "old" Clocks, old gold "any shape," old silver any kind, small Diamonds. And I want to sell you a "whooping" good grade of watchmaking.

MELL SMITH
304 N. Main St., Santa Ana.

"THE WHITE PEARL'S" A REALISTIC PHOTOPLAY

One of the most realistic photo-plays ever shown in Santa Ana is "The White Pearl," which is now at the West End Theater. Marie Doro is the central figure in an exciting shipwreck, life among Japanese, capture by Chinese pirates, and rescue from slavery. Action was in every foot of film. The West End has also included its new news film service, the Paramount News being shown last night for the first time.

NEWSPAPER AUTO IN DITCH THIS MORNING

The Los Angeles Times auto that carries the papers to San Diego, went into the ditch about four miles below San Juan Capistrano early this morning. The driver was injured but not seriously. A San Juan Capistrano machine was used to take the papers through to San Diego. The driver of the wrecked car gave blinding lights as the cause of his trouble.

HOW THIS MOTHER

Got Strength to Do Her Work
Fair Haven, Vt.—"I was so nervous and run down that I could not do my housework for my little family of three. I had doctored for nearly two years without help. One day I read about Vinol, and thanks to it my health has been restored so I am doing all my housework once more. I am telling all my friends what Vinol has done for me."—Mrs. James H. Eddy.

Vinol is a delicious cod liver and iron tonic which creates a healthy appetite, aids digestion and makes pure blood. Rowley Drug Co., Santa Ana.—Advertisement.

Special for Saturday, Dec. 4 only—We will give away one Cottage cheese with each 1-lb. package of Excelsior Dairy creamery butter; price only 35c. EXCELSIOR DAIRY COMPANY
304 West Fourth St.

Do Your Christmas Shopping Early

Christmas goods are in, and on display. A few suggestions for the boys and men:

Sweater Coats
Bath Robes
Gloves
Tie Sets
Ties
Handkerchiefs
Collar Bags

PACKING 12,000
CANS TOMATOES
EVERY DAY

PLACENTIA, Dec. 3.—Turning out, by practically automatic processes, approximately 12,000 cans each day, the Placentia Canning Company is establishing a record for putting up tomatoes. The fruit starts from the warehouse automatically and goes from process to process until the cans are loaded again in the warehouse by the elevator.

The Placentia Canning Company is nearing the end of this season's pack of tomatoes. The season, it is stated, will be comparatively light, ten cars covering this year's pack, whereas, in ordinary years, the pack exceeds thirty cars.

PERSONAL AND SOCIAL
NEWS NOTES FROM
ORANGE CITY

ORANGE, Dec. 3.—The Orange Woman's Club has announced an interesting meeting for next Monday, December 6, at the Colonial theater. A program consisting of several groups of songs will be given by Miss Helen Beatrice Cooper of Los Angeles. The meeting will commence at 2:30 p. m.

Mr. and Mrs. Willard Smith and Mr. and Mrs. Hugh T. Thomson attended the Mission Play at San Gabriel Wednesday evening.

Mr. and Mrs. O. J. Linnertz, who have been spending the last four months in Washington, have returned to Orange and are making their home with the John Heitshusen family.

Birthday Party
Miss Hazel Sunbury entertained at the home of Mrs. Thomas A. Gray, 460 North Olive street, last evening in honor of Miss Irene Aubuchon's fourteenth birthday. The evening was pleasantly spent with games and Miss Aubuchon received many pretty gifts among which was a birthday cake presented by Miss Hazel Sunbury. Refreshments of sandwiches, pickles, hot chocolate and cake were served. Those present were Misses Florence Reavis, Cecil Coltrane, Hazel Schaffert, Genelia McDaniel, Irene Aubuchon and Hazel Sunbury; Messrs. Merle Talmage, Floyd Eckles, Lloyd Eckles, Ogden Durler, John Fouch, Leo Allison, Robert Dalrymple, Harold Bird.

Modern Priscillas
Mrs. Carl Durnbaugh was hostess to a pleasant gathering of the Modern Priscillas yesterday afternoon at her home in Villa Park. A splendid time was enjoyed by the thirteen members and one visitor, Mrs. B. Thompson, who were present. Delicious refreshments were served. The Priscillas will hold their meeting next Wednesday with Mrs. C. O. Field. Those present were Mrs. R. Thompson, Mrs. J. R. Handry, Mrs. John Gillogly, Mrs. John Steffens, Mrs. C. J. Porter, Mrs. E. H. Lee, Mrs. Alfred Leichtfuss, Mrs. C. O. Field, Mrs. L. De Long, Mrs. Harold Scoopman, Mrs. J. A. Spurr.

SIMPLE REMEDY
FOR CATARRH

Just Breathe Hyomei Four Times a Day and Be Relieved

If a few years ago some one had said you could treat catarrh by breathing air charged with a healing balsam, the idea would have been ridiculed, and it remained for that eminent investigator, Dr. T. Booth, to discover in Hyomei this wonderful method of treatment.

Hyomei has performed almost miraculous results in treating catarrh and is today recognized by thousands of people as the only advertised remedy for catarrh that can be relied upon to do just what it claims. The complete outfit of Hyomei is inexpensive and consists of an inhaler, a medicine dropper and a bottle of Hyomei.

Breathe the air of Hyomei through the little inhaler, drugists furnish with it for a few minutes four times a day and it will help the worst case of catarrh. It soothes and heals the membrane of the air passages, prevents irritation, and effects complete and lasting relief.

In Santa Ana there are scores of well known people who have been relieved of catarrh by Hyomei. If it does not help you Rowley Drug Co. will return the money you paid for Hyomei. This is the strongest evidence that can be offered as to their faith in this remedy.—Advertisement.

"We're on our way to the Doll's Tea Party at Wiesseman's, Saturday Afternoon."

The Dolls' War Against the Saloon

In describing a visit to Topeka, Kansas, to study the commercial effects of prohibition of the liquor traffic, T. E. Varley, of Melbourne, Australia, describes a wonderful doll party he attended at one of the big toy stores, and therefrom makes some interesting and significant deductions. Of his visit to the great store, Mr. Varley says:

"We went among other departments to the toy department. I have never seen so fine a collection of dolls before. I think that no storekeeper in Australia in a city the size of Topeka would have dared to hold such a stock of dolls or such costly ones. I know of one city in Australia about the same size as Topeka, but it has 175 saloons. A city which has 175 saloons cannot have a first-class stock of dolls; the more saloons, the less dolls. The saloon is always the enemy of the doll. The prosperity of the saloon means the decline of the doll. In the Mills store there were dolls of every size, quality and price. Mr. Mills told me there was to be a dolls' tea party that afternoon, and that invitations had gone out to 1200 Topeka children to come to the dolls' tea party. The only qualification was that each child must bring a doll and be accompanied by parent or adult. The sight I saw that afternoon will remain one of the happiest recollections of my life."

Wiesseman's Variety Store—The
Toy Store of Orange County

has supplied a large stock of Dolls of every description for the Christmas trade. We invite our guests, on Saturday, to inspect them, as well as a Large Stock of Toys of Every Description.

No matter who else is forgotten at Christmas, it must not be the little people, to whom the ideals of the season mean so much. By bringing the youngsters here you can find out exactly what they want Santa Claus to bring them, and can help Santa in his selections.

You will find here in Toyland an endless variety of all those toys that delight the hearts of the kiddies at Christmas time. Such As—Dolls, More Dolls, Kid Body Dolls, Bisque Dolls, Jointed Dolls, Baby Dolls, Character Dolls, Unbreakable Dolls, Rag Dolls, Kewpies, Irish Mail Kids, Uneda Kids, and More Dolls.

WIESSEMAN'S VARIETY STORE
The Toy Store Santa Claus Headquarters 114 West Fourth St

You Are Cordially Invited
to attend a
Dolls' Tea Party

at
Wiesseman's Variety Store
Saturday Afternoon Dec. 4th at 2 to 5 O'clock
Bring Your Doll

This invitation is extended to all children in Orange County, ten years old or under, the only condition being that Each Child Must Bring a Doll.

Cocoa and wafers will be served to our little guests, and each child will be presented with the cup in which the cocoa is served, as a souvenir of the unique occasion.

"May I have the pleasure of your company to the Dolls' Tea Party at Wiesseman's?"

The Doll Vanquishes the Saloon

In the last analysis, the prohibition movement is the war of the doll against the saloon. Alas! for centuries the liquor has mostly won, and the doll has been vanquished. In other words, the prosperity of the saloon has meant the misery of childhood. The parents have had the drink, and the children have been denied the playthings. The liquor traffic has meant privation for millions of toyless, joyless, doll-less little ones.

But all over the world forces are rallying to the side of the doll. Hurrah for the new five prohibition states—Arizona, Colorado, Oregon, Virginia, Washington. The doll is marching irresistibly on. You can sum up prohibition in six words—it is "exit the saloon, enter the doll." And the doll is going to win all over the great United States, and later on all over the world. The doll will ultimately defeat the saloon. American citizens are enlisting millions in the army of the doll. Victory certainly draws near, for on the side of the doll is the Eternal God.

Here You'll Find All the Things
That Dolls Demand

Doll Carriages, Doll Beds, Toy Dishes, Express Wagons, Velocipedes, Hand Cars, Children's Books, Teddy Bears, Model Builders, Electric Motors, Ives' Trains, Tinkertoy, Bungalow Blocks, Tool Chests, Toy Ranges, Pianos, Drums, Mechanical Toys of Every Description. Footballs, Tennis Rackets and Balls, Roller Skates, Balls, Educational Games, Plasticine, Sewing Outfits, Drawing and Painting Books, Boy Scout Books, Red Chairs, Puzzle Pictures, Doll Trunks, Blackboards, Rocking Horses, Building Blocks, Tree Ornaments.

Grown-ups will also find here many suitable Christmas Gifts. Such as—French Ivory Toilet Articles, at variety store prices. Handkerchiefs, for men and women; Fancy Neckwear, Hand Bags, Stationery, Burnt Wood Novelties, Fancy China in large variety, Glove and Handkerchief Boxes, Men's Ties, Sox and Suspenders in Holiday Boxes, Etc., Etc.

THEY ALSO DECIDE
NOT TO PUT ON THE
BLANKS FOR PARTY

The decision of County Clerk Williams to print registration affidavits without giving party affiliation is in accordance with a decision reached at a conference in San Francisco. Williams has received the following circular letter from San Francisco:

"The new registration, which opens on the first of the year, will contain only non-partisan registrations, unless the courts decree otherwise.

"This decision was reached at a conference Saturday afternoon between the county clerks of fifteen counties, Speaker C. C. Young of the State Assembly, Registrar Harry Zemansky of this city and representatives of the Attorney General's office.

"The county clerks determined to continue the present system of non-partisan registration on the new registration and to prepare a new supply of non-partisan registration affidavits. No declaration of party affiliation will be entered on the new registration unless the courts should issue writs of mandamus, compelling the county clerks and registrars to do so.

"A circular letter to this effect was drawn up, and copies will be sent to all the county clerks in the state who did not attend the conference.

"The conference recommended that, if an extra session of the Legislature should be called for the purpose of rectifying the tangle in the election laws, the new non-partisan registration law be allowed to remain intact. It was suggested that the old direct primary law, which was revived when the so-called non-partisan direct primary law was repealed at the recent referendum election, be amended to provide for declarations of party affiliation at the polls."

GEORGE H. MAGILL
CONTRACTOR, DIES
OF HEART TROUBLE

George A. Magill, surveyor and paving contractor, died at his home last night of heart trouble. While death came suddenly from a weakness of the heart, only about two weeks ago he had a severe attack, while at Pomona.

Magill came to this section about twenty years ago. In 1898 he went to San Francisco as first sergeant of Company L, Seventh Regiment, in the Volunteers. Col. S. H. Finley was then captain of Company L. Later Magill was captain of a guards company organized at Wintersburg.

During much of the time in recent years, Magill was employed by Col. Finley in surveying. About two years ago Magill became interested in paving work, and soon developed into a contractor. He bid for and secured a \$140,000 paving contract at Pomona, and for several months past he has

THE FUTURE OF
YOUR CHILD

Influenced Largely By the Food He is Brought Up On

Everyone nowadays realizes the important part that food plays in the development of the human race. In building up little children, the two great food elements are protein for tissue, and carbo-hydrates for heat and energy.

No food has so perfect a combination of these elements as oatmeal, but the ordinary oatmeal or rolled oats is really not digestible unless it has been cooked at least sixteen hours, and even then much of the food value is lost.

It will interest all parents, therefore, to know that a process has been discovered which makes this valuable food product digestible by the most delicate stomach, with only twenty minutes cooking. The process referred to cooks the oats at a very high temperature under steam pressure for more than three hours, and produces what is known as H-O Oatmeal, which is carried by all good grocers everywhere.

H-O costs a little more than ordinary oatmeal, but one cannot afford to save a few pennies when matters of health are at stake.

For your children's sake, therefore, insist upon H-O.—Advertisement.

been engaged upon that work, which he recently completed. A statement made by a Pomonan today was that Magill finished his contract at Pomona in good shape. Magill leaves a widow.

GARDEN GROVE MAN
ORIGINATES WALNUT
IMMUNE TO BLIGHT

To E. G. Ware of Garden Grove belongs the honor of having originated the Eureka walnut, which government experts have pronounced the most nearly immune from blight of any known variety. Here is the story as the Observer heard it. It took him eight years to accomplish the end sought, for a long time it was impossible to find a tree suitable entirely free from blight, the theory being that if a seedling which was free from blight were inoculated with blight the result would be a guarantee against blight.

At last a tree was found in a Fullerton grove which was said to be without blight. A half day was spent by Mr. Ware and an assistant in going over the tree limb by limb to make sure that no blight was apparent. Grafts were taken and inoculated, with pleasing results. Then, after eight years from the time experiments were first begun, the results were placed in the hands of government experts who for four more years made experiment. Then the official declaration was made that the new walnut was the most nearly immune from blight of any known variety.—California Citigraph.

YELLOW BOOK OF WILSON IS HIS BAROMETER

WASHINGTON, D. C., Dec. 3.—Joseph P. Tumulty is a devoted reader of The Yellow Book. This is not a magazine of French yarns nor a theatrical publication, nor anything like that. In fact the public cannot purchase it at any news stand or book store. There has been only one issue, a strictly limited edition consisting of a single copy.

The Yellow Book is a collection of clippings from fifty representative newspapers published throughout the country, dealing with administrative, political and general governmental questions. It is through the daily additions to this book that President Wilson keeps in touch with public thought.

Ear to Ground
President Wilson has been credited with this keen practice of keeping his ear to the ground, his finger on the public pulse and his eyes on the score-board of national sentiment very closely. It is one of his ways of following the thought of the people as reflected in the press. The president does not have time to read fifty papers; at least not every day. The White House, therefore, has a clipping bureau con-

25 CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make It Thick, Wavy and Beautiful—Try This
Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, down hair—new hair—growing all over the scalp.—Advertisement.

sisting of the newspapers and two men to do the clipping.

Peruses It
Every evening as he leaves the White House, Secretary Tumulty stops for The Yellow Book and takes it home with him, there to peruse it under the influence of a good cigar and comfortable slippers. In the morning he takes it back to the executive offices and if on the previous evening he has found any item he thinks would be of interest to the President, he tells the executive all about it.

Usually there are no extraordinary results from either the President's or Secretary Tumulty's reading of The Yellow Book, but recently there was an example of what can result. A story had been published in a metropolitan newspaper which did not coincide with the facts.

Accordingly, the author was politely but firmly handed his passports at the White House offices and it was several days before again he was received. Dispatches from Cornish, N. H., at the time the President was framing his second Lusitania note to Germany, further indicated that the President watches the Fourth Estate. It was then reported that President Wilson was reading the smaller papers of the country, rather than the metropolitan dailies, on the assumption that the former are closer to their constituents than the latter. It has been said that this reading had something to do with the phraseology of the note.

At any rate, there is mighty little that goes on in this country having to do with the nation's business that gets by the White House Yellow Book.

BOY, 16, HAS ROMANCE SPOILED BY FATHER

LOS ANGELES, Dec. 3.—When father played detective, the secret romance and elopement of Elmer Kendrick, a Polytechnic High School student, and Miss Willetta Eldson, a pretty clerk in a store at Redondo Beach, came to light.

Yesterday Thomas H. Kendrick, the father, fled suit in the superior court to have the marriage of his 16-year-old son to the Redondo girl, who is said to be 22, annulled.

The marriage occurred November 10, 1915, but was not discovered until Wednesday.

As recited in the complaint, the boy and girl met about a year ago at the beach. It was a romance from the start. They kept company for several months but the parents of the young man thought nothing of it. Recently, however, events occurred which aroused the attention of the father and caused him to watch his son.

The elder Kendrick spied a roll of paper protruding from the young man's overcoat. The elder Kendrick removed it and saw that it was a marriage certificate and recited the fact that his son had become the husband of Willetta Eldson on November 10.

PLACENTIA PLANT TO PUT OUT 200 TONS OF PUMPKINS

PLACENTIA, Dec. 3.—The Placentia Canning Company is operating one of the busiest enterprises of its kind in Southern California, as is evidenced by the fact that there are fifty people on its pay roll at the present time. Recently the firm received a shipment of 200 tons of pumpkins, which was to be prepared for market as soon as the run on tomatoes was completed.

HIS EXPERIENCE WITH FERTILIZER

E. G. Ware of Garden Grove gives this account of his experience with fertilizer. He made a test on two and a half acres of oranges. One year he took a thousand pounds from the grove or 400 pounds to the acre. The following season after using \$150 worth of barnyard manure the yield on the same grove was 450 pounds of fruit or 1800 pounds to the acre. The increase he attributes entirely to the use of the fertilizer.

DIVORCE LAWYERETTE PROVES BUSINESSLIKE

SANTA ROSA, Cal., Dec. 3.—Introducing Frances McGaughy Martin, lawyerette, and one of the first women who ever held a judgeship higher than a justice court bench.

When California passed a law permitting parties to a divorce suit to pick their own judge, they gave Barrister Martin her place. She has proved herself a capable judge.

"Clear case of desertion," she commented on her first hearing. "Divorce granted"—and that without a lot of fuss and feathers, either.

She often says, "I am glad to be able to show men that women can really do things. That's all there is to it."

MANY PEOPLE DON'T KNOW
A sluggish liver can cause a person a awful lot of misery. Spells of dizziness, headaches, constipation and biliousness are sure signs that your liver needs help. Take Dr. King's New Life Pills and see how they help tone up the whole system. Fine for the stomach too. Aids digestion. Purifies the blood and clears the complexion. Only 25c at your druggist.

AT THE COURT HOUSE

ANOTHER WOMAN SENT TO JAIL FOR SELLING LIQUOR

Judge West Gives Warning to All Fifth District Blind Piggers

Another Mexican woman has been sent to jail for selling liquor illegally. This morning Judge West sentenced Mrs. Jacinta Castanada to spend six months in jail.

The woman took her sentence after a vehement protest that the witnesses against her, Estevan Moreno and Jose Cruz, were seeking revenge upon her because of a girl.

"I am compelled to believe that you are guilty, as charged," said Judge West. "Let me say now to you and to any others who are engaged in selling liquor or who may be thinking of entering into the business of selling liquor illegally in the Fifth Supervisorial district, that any person convicted of selling liquor illegally in that district may expect to be punished by a jail sentence."

Attorney W. W. Davis for the woman gave notice of appeal, and asked for a bond. Judge West fixed the bond at \$2000, which has not been given. The woman lives at Delhi.

Jury Disagrees

The jury that tried Filimino Bustillos yesterday disagreed. The reason that a verdict of guilty was not brought in was that two jurors stalled over bringing in that verdict on account of the fact that the actual delivery of the liquor to the detectives was made by another Mexican, not Bustillos. The detectives said that Bustillos told the other man to get the liquor for them.

Hearing Tuesday

G. W. Robinson, accused of breaking probation by issuing more bad checks, is to have his hearing at 9 o'clock Tuesday morning. Robinson was a gardener at a North Main street residence. After cashing the checks that are alleged to be worthless he disappeared, and was arrested in Los Angeles.

For Administration

E. N. Gage has applied for letters of administration upon the estate of Elizabeth H. Huston, who died on December 29, 1914. The estate is valued at \$4000. The realty is at Yorba Linda. Head and Marks are attorneys for the petitioner.

Allison Barlow of Los Angeles is petitioner for letters on the \$20,000 estate of George B. McCreary, who died in July in Philadelphia. There are no heirs in this state. Los Angeles attorneys appear for the petitioner.

Publish Summons

Alleging that the last heard of Lawrence C. Sheffield was when he was in Delta, Colo., Attorney Heathman has secured an order for publication of summons in the divorce action brought against Sheffield by Florence R. Sheffield of Santa Ana.

Sues for Commission

R. D. Edwards has brought suit against G. E. and A. M. Fletcher for \$300, alleged to be due for commission on a realty deal.

Judgment quieting title to land at Anaheim was given Frank Rizzoto today against J. P. Lindley as administrator of the estate of William Kelly.

Recorder's Office

Abstract of judgment has been recorded here in a case in which Earle C. Anthony got judgment in Los Angeles against H. F. Ashley for \$319.50.

Harriet L. Rurup has filed a declaration of homestead on property worth \$2000.

Notice of attachment has been recorded here in an action for \$945.48, brought in Los Angeles by G. H. Borden against Flora A. Justus.

IN THE JUSTICE COURT

WATTS TAKEN TO OCEANSIDE

Auto Driver Is Going to Be Prosecuted On More Serious Charge First

E. J. Watts, ranch manager for Rev. Alfred Quetta of San Juan Capistrano, was turned over to an Oceanside constable this morning. Watts was arrested Wednesday night at Irvine.

Two charges have been brought against him. He is accused by Carl Edgar of driving an automobile while intoxicated. At Oceanside a complaint sworn to by Albert Moore charges him with driving an automobile while intoxicated, and while so doing causing personal injuries.

The latter charge is a felony, the former a misdemeanor. After consultation with the district attorney's office, Sheriff Jackson concluded to let the Oceanside officers have Watts for prosecution on the more serious charge of the two. He was taken to Oceanside today.

Moore intends to make Watts or Rev. Quetta pay for the smashing of Moore's automobile. Moore says that he bought a five-passenger Ford and two months later cut it to a torpedo-shaped affair upon which he expended a good deal of money, so that altogether his machine cost him about \$900. Moore said yesterday that Watts while going at high speed ran into the Ford, and kept on going.

Seeking Woodall

Bert Woodall, who came to Santa Ana and lived here under the name of Bert W. Wilson, has left Orange, and cannot be found. Probation Officer Scott has a warrant for the man on a charge of vagrancy. Woodall came

BIDS ARE RECEIVED FOR REMODELING OF BUILDING ON FOURTH

The board of directors of the Home Mutual Building & Loan Association met last evening and opened bids for remodeling the building at 115 West Fourth, which the association is soon to occupy. The lowest bidder is C. McNeill, \$2500.

The improvements contemplated are changing the front by setting the plate glass front back about four feet, making a lobby with Mexican onyx base; finishing the basement into an office, with onyx railing and stairs and putting in a vault in basement and first floor office room. These improvements with the necessary vault doors and counters for the main floor office will be over \$3000.

The bids received were: McNeill, \$2500; Preble, \$2565; Pickering, \$2604; Smith, \$2611; Flour, \$2627; Black, \$2660; Boyd, \$2715.

Men's Christmas Neck Ties—2500 Beautiful Men's Ties, your choice, 25c each. Extra fine values on sale today at Gilbert's. See our windows.

SANTA ANA DAILY REGISTER, FRIDAY EVENING, DECEMBER 3, 1915.

\$1,512,500 Value County '15 Walnuts

WORLD'S BIGGEST HOUSE, IN S. A., SHIPPING 115 CARLOADS

Association Loads Out More Than 300 Tons More Than Nearest Competitor

Making the first authoritative estimate this year on the size and value of the walnut crop which Orange county is shipping this season, C. F. Crose, secretary of the Santa Ana Valley Walnut Growers' Association, the largest single shipper of walnuts in the world, declares that the shipments will easily reach 5500 tons.

Two hundred and seventy-five dollars per ton is the approximate average price which the county's growers will receive for their product, making the value of this year's crop \$1,512,500.

Greatest in World

Santa Ana, in addition to having the world's largest walnut packing house, also has the distinction of being the largest shipping center. This year 2600 tons of walnuts will have been shipped from the local district by the time the last sack is loaded on the cars.

Whittier has the next largest wal-

nut packing house. The Santa Ana Valley Walnut Growers' Association this year shipped 300 tons more than the Whittier Association, Crose states.

The local organization will have paid, by the time the season's business is wound up, more than \$200,000 to its members.

Business Satisfactory

The members of the association all are extremely pleased at the successful season they have had. There are only four cars of walnuts yet remaining in the packing house. Of these four, one has been sold for shipment December 8.

Never before, at this time of the year, has the association had so few walnuts on hand remaining to be shipped.

One hundred and fifteen cars is the total output of the association this season.

Prospects Good

Prospects for next season, as concerns prices, are extremely good. In Los Angeles, more than twenty orders already have been placed with the California Walnut Growers' Association, of which the local organization is a member, for 1916 Diamond Brand walnuts. The association members point to this as showing that the high standard maintained by the association this year has put the Diamond Brand walnuts on a very high plane in the estimation of buyers.

The quality of the walnuts shipped this year has been, on the whole, satisfactory.

LAGUNA BUILDING OPERATIONS IN FULL BLAST; NO LET UP

Thousands of Dollars Being Spent By Investors At Popular Resort

There appears to be no abatement in building operations at Laguna Beach. Numerous cottages are now under way and many others are soon to be started. The improvements run into thousands of dollars and a significant fact is that investors from Los Angeles and other cities are buying property and building attractive bungalows, thus showing the faith that discerning people have in the future of the beautiful resort.

Mrs. Lance of Los Angeles is having an attractive \$2000 bungalow built south of Cheney's point.

Contractors are now figuring on plans for a beautiful bungalow which J. C. Bricks of Los Angeles will build.

Lumber is being hauled on the Cliffs for a new bungalow to be built by C. V. Wees of Laguna.

One of the neat bungalows of the two which A. Martin is building on the Cliffs has been completed and the second will be built at once.

Clarence Brooks, the Coast League catcher, has completed his cottage on the Cliffs and intends to move in next week.

The sale of two and one-half acres to H. Mayer of Long Beach is reported. The property, which is located on Laguna Heights, is soon to be improved, according to the purchaser.

Estimates are now being made on plans for an attractive \$2200 bungalow which Mrs. Ella Taylor of San Francisco will build on the Cliffs.

C. D. Bronner, the well known restaurant man, has moved into his new place of business on Pacific avenue.

Work will be started at once on the last fifty feet of the ten-foot sidewalk on Forest avenue. Property owners have signed up for curbing and five-foot sidewalk to reach from the Van Syckle building north to the concrete bridge on the highway leading into Laguna.

C. E. Hoffer has started the work of building a lattice-enclosed confectionery garden on the Jahraus property at the corner of Fourth street and Pacific avenue.

The work of painting the bungalow of Henry Symonds of the Cliffs has been completed.

Timbers will soon be cut for a large pergola which the Heister Tent City Company plans to build from one end of Tent City to the other.

Gavvy Cravath, the Philadelphia National League outfielder, is building an addition to his large bungalow on the Cliffs.

TEN DWELLINGS ARE STARTED AT ORANGE DURING THE MONTH

Orange News: November proved to be a month of home building for Orange, ten dwelling houses being authorized for construction during the month. The total permits amounted to \$12,900.

A list of the permits is as follows:
To E. L. Gray, North Shafter; \$1200.
To W. F. Gillogly, Thermolia; \$1600.

To R. A. Hlatt, North Palmyra avenue; \$1000.
To Elizabeth A. Clark, North Glassell; \$1200.

To John Bartchard, North Cambridge street; \$700.

To C. W. Bagwill, North Orange; \$1200.

To F. E. Pister, South Center street; \$1400.

To Herman Ehlen, East Laveta; \$1500.

To O. A. Long, North Glassell street; \$1500.

NEW HARDWARE STORE OPENS AT BEACH CITY

The large hardware store of Wells-Keener has been opened for business in Huntington Beach, and is one of the finest to be found in Orange county.

The work in this instance has been done in a thoroughly creditable manner.

The opening of this store, it is said, is the beginning of Greater Huntington Beach, and will in a short time result in this city becoming a market for the farmers and ranchers who live in the rich back country to the east and north of Huntington Beach.

There is a movement on foot at present to erect a large brick building on the corner of Main street and Ocean avenue. The work will begin about December 15.

REMODELS FRONT

Contractor J. S. Fluor is remodeling for K. A. Loerch, the store front of the premises at 116 East Fourth street. The work will cost about \$400 and will add considerably to the appearance of that section.

More Apartments Imperative Need Says Local Man

Urges Additional Accommodations For Visitors From East

That Santa Ana needs more apartment houses to accommodate eastern visitors is the declaration of J. T. Kinslow.

Kinslow says he knows of many cases where people who were visiting Southern California with a view to buying homes were unable to secure accommodations in this city.

"The result was that they left for Los Angeles or other cities and the opportunity that this city had of showing the visitors the resources of the city and county was forever lost," says Kinslow.

"More enterprise is needed in this city. I have lived here for many years and have yet to see a single failure of a new business, but is, provided the new business was of sound financial character."

"Every apartment that has been built in this city never has lacked patronage. In fact, as I said before, visitors coming here generally find trouble in securing accommodations."

"I know of nothing better than new apartments to aid in developing the city and county."

NAVEL ORANGES BEING SHIPPED FROM COUNTY

Navel oranges are being shipped from Orange county. The fruit is of a good color and quality for this time of the year, according to growers, the winds and cold nights having done much to color the fruit.

Shipments by the Orange County Fruit Growers' Exchange, whose headquarters is at Orange, were begun this week. Five of the Exchange houses, namely, the Tustin Hills, McPherson Heights, Villa Park Orchards, Olive Heights and Santiago Orange Growers' Association, now are shipping on an average of from one to two cars each daily.

While the growing of navel oranges has diminished in this county to an appreciable extent, the number of cars to be shipped will aid materially in bringing to the growers the \$4,000,000 which it is estimated for the 1915-16 citrus crop.

TRADES HIS RANCH IN MONTANA FOR PLACE NEAR MOTHER COLONY

ANAHEIM, Dec. 3.—E. B. Camp left this week for his old home at Billings, Mont., to get his household goods out to Anaheim as soon as possible. Mr. Camp has been a guest of friends here for some time and fell in love with this part of the Golden State.

He looked the country over thoroughly and the more he looked the more he wanted to make his home at Anaheim. After a time he found that he could make a deal with Mr. Kuhl for a 20-acre orange grove west of town for the 320 acres Mr. Camp owned near Billings. The deal was made with the orange grove passing from the new owner at a valuation of \$24,000. Mr. Camp is a pioneer of the Montana town and is held in high esteem by all who know him.

'CASCARETS' FOR A COLD, BAD BREATH OR SICK HEADACHE

Best For Liver and Bowels, For Biliousness, Sour Stomach and Constipation

Get a 10-cent box now.

Furred tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments, like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give you constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advertisement.

RUSH WORK ON NEW 2-STORY AT ORANGE

ORANGE, Dec. 3.—Contrary to earlier reports, work on the new Franzen block to be erected on North Glassell street will be pushed steadily to completion. Excavating for the building operations will immediately follow.

The plans being prepared by Architect C. B. Bradshaw of this city call for a two-story brick building with a frontage of sixty feet and a depth of seventy feet. A basement will be under the building. Henry Franzen and E. C. Franzen of Riverside are owners of the property and the proposed building.

FOR CHILDREN'S COUGH
You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balms. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system. Dr. King's New Discovery is antiseptic—kills the old germs, raises the phlegm, loosens the cough and soothes the irritation. Don't put off treatment. Coughs and Colds often lead to serious lung troubles. It is also good for adults and the aged. Get a bottle today. All druggists.

Dr. Jacobs, Santa Ana Painless Dentists, 102½ East Fourth, Phone 253. Temporary address 111½ East Fourth.

GRAND JURY FINDS BUSINESS OF COUNTY IS RUN SATISFACTORILY

(Continued from Page 1, Sec. 1)

mittee in the work of examining vouchers, books and records of the supervisors, treasurer's and auditor's office.

District Attorney

We found the affairs of this office in excellent condition and all books and records correctly kept. The number of cases handled from January 1, 1915, to November 1, 1915, is 1447.

We wish to recommend the system adopted for regulating automobile and motorcycle traffic as most efficient and up-to-date.

We have carefully examined and checked all records and books in the following county offices, to wit: Recorder, assessor, county clerk, tax collector, auditor, public administrator, coroner and sheriff and find them well kept and all business pertaining to these various offices performed in an efficient and commendable manner.

With reference to the tax collector's office, we would recommend to all subsequent grand juries that the books of this office be examined and reported only for the fiscal year commencing July 1, of the previous year, and closing June 30, of the year coinciding with the call of the grand jury. Any attempt at expediting the books in which daily entries for tax receipts are being made is entirely unsatisfactory and useless, besides interfering seriously with the work of this office.

County Treasurer

We have counted the money in the hands of the treasurer, November 29, 1915, and report as follows:

By money loaned to banks at 2 per cent \$ 94,963.25
By U. S. gold coin 4,740.00

WHAT MANY FOLKS SAY.

Los Angeles, Cal.—"I feel it my duty to give credit where it belongs, so take the liberty of informing you that I suffered from a chronic liver trouble, and the use of numerous remedies failed to give me any lasting relief. Then I took Dr. Pierce's Pleasant Pellets and take pleasure in recommending them to others in the hope that they may do others the good they have done me."—Mrs. W. ARTHUR JENKINS, 737 W. 7th St.

PROVE

WHAT "AN-URIC"

The New Discovery for Kidneys, Rheumatism and Backache Will Do For You.

Send 10 cents with name of this paper, to Dr. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a large sample package of "An-uric." It will convince any one suffering from kidney, bladder, backache, that it is many times more active than lithia, and dissolves uric acid in the system as hot water melts sugar; besides being absolutely harmless, it preserves the kidneys in a healthy state by thoroughly cleansing them. It clears the heart valves and checks the degeneration of blood-vessels and regulates blood pressure. "An-uric" is an insurance agent against sudden death. Send to Doctor Pierce, Buffalo, N. Y., for free booklet on Diseases of Kidneys.

Dr. Pierce's Pleasant Pellets are the original little liver pills first put up nearly 50 years ago. They regulate and invigorate stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy.

HOTELS FOR HEALTH OR PLEASURE RESORTS

LOST—RHEUMATISM AND STOMACH TROUBLES. FOUND—HEALTH AND HAPPINESS AT MURietta HOT SPRINGS, MURietta, CAL. America's finest Sulphur and Mud Baths and Swimming Pool. Booklet at information bureau, or by writing, Frits Guenther, Prop. H. Guenther, Manager.

ber 1, 1915, is 55; at a cost of \$764.50 to the county.

Horticultural Commissioner

We find conditions in this office very satisfactory and as all of his work is done under the supervision of the board of supervisors and he collects no money, he does not find it necessary to keep any books.

County Veterinary

We found the affairs in this office in satisfactory condition.

Aid Commissioner

We wish to express our appreciation of the assistance rendered the various committees in examining the books of the county, by our aid commissioner, Mr. Gregg. It has materially expedited this work. We believe that the establishment of this office is a move in the right direction and will result in saving money to the county. All indigent seeking aid from the county are examined as to the merits of their claims by Mr. Gregg. After the examination of such claims he reports to the supervisors, enabling them thus to act intelligently in passing such claims. We believe the supervisors are taking a step in the right direction in the matter of reducing the expense of the county of caring for the indigents.

Mexican Problem

Upon investigation we find that about 65 per cent of the criminal and indigent expense of this county is caused by the presence of an undesirable class of Mexicans, who are not citizens of this country, but either come here as criminals and indigents or become such shortly after their arrival here, and become a charge upon the county. In view of these facts, we would recommend, if it be consistent with the duty of the county officials and in accordance with treaty regulations and national laws, that co-operation be sought between state, county and national authorities looking to and working toward ways and means to prevent the bringing in or suffering to remain in this county, of classes that are criminal or dependent upon counties for support.

Purchasing Agent

We wish to commend the supervisors in establishing this office, as it will add materially to the efficiency and economy in transacting the county's business.

Superintendent of Schools

We have examined the books of this office and find that warrants check up correctly and are properly accounted for. We recommend that the stamped numbers on the warrants be more carefully preserved and not mutilated as has been done in the past by the banks cashing these warrants or whoever handles them.

We also recommend that the superintendent before approving demands, examine the vouchers more carefully and see that they are correct and properly itemized. We found a number of demands which were approved without stating to whom the money was paid, and for what purpose.

We have found in our examination of the books and records in this office that the principal of the Anaheim Union High School has been notably careless in this particular. We request that the county superintendent of schools in the future decline to approve any demand not properly itemized and made out. We object to any county official paying out the people's money without knowing the items and purpose for which it is being paid out.

Schools and Buildings

We have investigated the different schools throughout the county and find the majority of them in a very satisfactory condition. In the following schools we recommend that changes and improvements be made as indicated:

Bolsa—Rear doors should be changed to swing out.
Huntington Beach High—Exits from basement are bad. Boys and girls toilets need better lights. Class room doors should be made to swing out.
Cypress—Rear doors should be made to swing out.
Alamitos—Front doors swing in, no rear exits. Toilets in bad condition.
Orange—Rear doors swing in, no rear exits. Toilets in bad condition.
Orange—Rear doors swing in, no rear exits. Toilets in bad condition.
El Modena—System of bookkeeping very crude.
El Toro—Roof in bad condition.
Serra—Building old house, stove pipe passes through without proper protection.
Fountain Valley—Rear doors open in.
Old Newport—Doors swing wrong way.

Yorba—Toilets need repairs.
Peralta—Toilets in bad condition.
El Modena—System of bookkeeping very crude.
El Toro—Roof in bad condition.
Serra—Building old house, stove pipe passes through without proper protection.
Fountain Valley—Rear doors open in.
Old Newport—Doors swing wrong way.

Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when sleeping; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

Crown Stage to Long Beach Have Put on 7-Passenger Cars.
Get car at Depot, 505 N. Main St. Leave Santa Ana every two hours after 8:30 a. m. till 6:30 p. m. Sunset Phone 925; Home 2023. Phone order, will call for you.

way. Toilets in bad condition.

Olive—Rear doors swing wrong way.
Villa Park—All doors swing in.
Katella—Three rooms have no rear exits. Toilets too close to class rooms.
Washington School, Santa Ana—No rear exits. Should have fire escapes.
Santa Ana, Intermediate—Would recommend change at once in exit from room in basement used for gymnastics work.

Poly High, Santa Ana—Band saw should be more fully protected, also pulleys and belts on plainer.

Doors—Fire Drills

In conclusion we recommend and urge that in all instances where doors swing in, contrary to our state law, that these defects be remedied at once. In case of a fire where the doors open in, instead of out, as required by state law, such conditions may at any time result in serious injury and loss of life to the children in such buildings. We further urge that fire drills be held in all of our schools. We demand that the proper authorities take steps and notify responsible parties to remedy these defects, without further delay. We request the county clerk to mail a copy of these recommendations to each school district in the county.

Justice Courts

We found Justice of the Peace Cox about the busiest officer in the county. Collections in his office are as follows:

Criminal work for 10 mo. \$1,611.00
Civil fees 412.50
Good roads 4,759.00

Total collections \$6,782.50
We found his books in good shape and neatly kept.

We have examined the books and records of Judge H. E. Inskeep of Fullerton and find them properly and correctly kept, all balanced in fine shape; \$213.50 has been collected and turned over to the proper authorities.

The books and records in the office of Justice of the Peace S. E. Chaffee, at Garden Grove, we found accurately and neatly kept and wish to commend the neat manner employed in his system of bookkeeping.

Detention Home

We find conditions in the home very satisfactory, everything being kept neat and clean. There are eleven children being cared for at this time. Mr. and Mrs. Charles Munson are in charge of the home and are entitled to credit for the kindly treatment of the children under their care. We wish, however, to criticize the arrangement of the doors inside the building, those in the bed rooms all opening into the rooms instead of into the halls as required by law.

Hospital

We find the hospital and poor farm in excellent condition. Everything seems to be kept in a systematic manner. The patients in the hospital and the indigents on the farm are well cared for. The superintendent is using every effort to run the institution economically, consistent with efficient and proper care for the inmates. Any taxpayer not satisfied with the amount of money expended in the management of this institution will do well to make a visit there and satisfy himself as to where and how the money is being used.

We have examined the buildings and grounds at the park and find them in good condition and well kept.

Santa Ana City

We have examined all the books at the city hall and find the business there being done in a neat and honest way. We find the old system of bookkeeping to be crude and out of date. We desire to congratulate Mr. Vegely on the present system adopted by him and recommend to the city council that they continue the system now used. We also recommend that the city have its books audited each year.

Santa Ana Public Library
We have examined the building, grounds and books and find the place well kept. In the books kept, we find no monthly balances, the only balance made being the one at the close of the fiscal year, June 30. The following report shows what was done during the fiscal year closing June 30, 1915:

Balance on hand Nov. 1, '15. \$ 819.08
Balance on hand June 30, '15. 1,707.17
RECEIPTS
For taxes 2,051.37
For fines 281.00
For book reserve fund 113.20

Total receipts \$7,122.74
EXPENDITURES
For furniture and fixtures 168.55
For freight and rayage 8.97
For binding 229.55
For fuel 51.68
For light 152.82
For expense 279.05
For periodicals 220.30
For salaries 2,699.00
For books 1,273.41
For supplies 134.92

Total expenditures \$5,218.26
Balance on hand June 30, '15. \$1,904.48
OUTSIDE CITIES
Newport Beach

We beg to report that we found the books and vouchers to be correct and the system of bookkeeping first class in every particular. We made an inspection of the fire halls, barn, public convenience stations and garbage reduction pit, all of which we found to be in very good shape and in a clean and sanitary condition. We beg leave to report, however, that the fire apparatus is entirely inadequate and would recommend the purchase of two chemical auto trucks, one for each end of the town, we believe the saving in insurance would soon cover the cost.

The sewer systems at both Anaheim and Fullerton we found in good condition. The septic tanks seem to be in a satisfactory condition, and all sewage is being properly cared for. The jail at Fullerton, located on a lot owned by the county, we find inadequate, and the building no credit to the municipality. We find no protection surrounding the building to prevent outsiders from giving aid to prisoners in an attempt to escape and recommend that this defect be at once remedied. We also find sanitary conditions bad.

The jail at Anaheim we find in good condition and properly kept. The books and records of the city of Fullerton we find correctly and neatly kept. The same we found true of the cities of Huntington Beach, Anaheim and Orange.

Orange City
We wish to call especial attention to the system of bookkeeping employed by the city clerk at Orange. He should have special credit for the manner in which he conducts his office

and unhesitatingly recommend the system to other municipalities of Orange county as being the most complete and up-to-date method of city bookkeeping that we have ever had the pleasure of seeing.

Upon an inspection of the minutes and records of the city clerk's office at Orange, with reference to a combination roller and engine bought December 8, 1913, we find that George A. Rogers was asked a proposition to furnish the city with a combination steam roller for \$3,800, \$1,800 cash down and \$2,000 payable December 1, 1914, at 7 per cent interest on deferred payments. Upon a motion made and duly seconded it was accepted by the city council, with the following vote recorded on the clerk's minute register. Those voting in favor of said proposition were: Trustees Dittmer, Richards, Smith and Hagen. Absent: Stoner. A street sweeper was bought some four years ago and was used about two years, and at the present time it is stored in the barns of the city of Orange. The reason the sweeper is not now in use is because the work can be done cheaper by two men who are at present doing the street sweeping by hand. It is, however, in good condition and no doubt will be used again when occasion demands.

Huntington Beach

In the city of Huntington Beach we would recommend that a new set of books be installed to care for the additional work necessitated by the rapidly growing city. Further, that better quarters be secured, the present office rooms being entirely inadequate.

We also recommend that additional fire fighting apparatus be secured, including a chemical auto truck, the size of the city considered, anything except motor driven apparatus would be worthless and we believe that the saving in insurance would pay for same in a short time.

Roads—North End of County
We find the roads and bridges culverts, etc., in good condition with the following exceptions: The county road running west from Hansen Station to county line is in a very unsatisfactory condition and needs immediate attention. The bridge on the road to Orange County Park, first one after going over grade, is badly in need of repairs. Cross pieces under bridge obstruct the channel and in the case of heavy rains by collecting debris, is likely to result in the bridge being washed out.

We would further call the attention of the highway commission to the condition of approaches on the Orange county side of bridge over Covote creek, on highway running west from Anaheim to Artesia. Approaches are in bad shape, making passage over this bridge both difficult and dangerous. Approaches on Los Angeles county side are in good condition, same having been constructed by Los Angeles county highway commission.

Roads—South End of County
We find that the culvert on the Garden Grove road, where road corners with Los Alamitos, has gone down and the water is in the road.

Bridge near Sunset Beach is in bad condition, posts at each end rotten and water has washed out sides.

Culverts on road just north of Garden Grove, connecting Garden Grove and Huntington Beach.

(Continued on next page)

The Roof that lasts for Ages
That is what is said about this ready roofing by those who use it, because it is practically indestructible. It makes any building immune against every enemy that can attack a roof.

J-M ASBESTOS ROOFING

is a combination of the famous Asbestos (rock) fiber and the great weatherproof, Trinidad Lake Asphalt. Fire, time or weather cannot affect it. It will stand for any length of time fire tests that would destroy in a few minutes any of the so-called fire resisting roofings. J-M Asbestos Roofing never requires painting, graveling or repairing. It saves money and worry from the day it is laid. Write or call for Samples of this Roofing and Booklet.

OWNERS PINCH YOUR OPPORTUNITY.

Freemont Valley Deeded Land \$25 Per Acre

I offer at this price, for quick sale, 480 acres only, of the finest land in the valley. All adjoining land held at \$50 per acre and several close by sections recently sold at this figure on terms. Owner will sell in 160 acre tracts if desired. Freemont Valley consists of 30,000 acres, 110 miles from Los Angeles, has a rich, fertile soil ten to fifteen feet deep, no hard pan, no alkali, abundant water supply underlies the valley. This portion of the valley is eminently suited to productions of Almonds, Pears, Peaches, Apples, Cherries, etc. The S. P. runs through the valley and this 480 acres is half mile to railroad siding and townsite. A \$10,000 hotel built to accommodate homeseekers 2½ miles away. Cash or half cash and five years to pay any balance. See me and arrange date to investigate.

LOS ANGELES PRODUCE MARKET

Hay prices are due for another boost. Everybody wants our hay this year and orders are pouring in from all parts of the country for California hay and grain. Los Angeles dealers are having a hard time finding a sufficient supply with which to fill eastern orders. Every day sees the departure of hundreds of tons of alfalfa from Los Angeles, destined for points in the Middle West.

As usual Southern California farmers are receiving better prices for their alfalfa than their northern neighbors. In the northern portion of the state farmers are receiving from \$10 to \$15 a ton for alfalfa, while in the section lying south of the Tehachapl \$15 to \$20 is the more common quotation.

CURRENT PRICES

[The following market prices on poultry and eggs, fruits and vegetables are compiled daily for the Register, based on the quotations prevailing on the Los Angeles produce exchange for the business day preceding. Every effort is made to keep these quotations accurate and down to the latest possible available figures.]

Fresh ranch, case count, 42; candied, 44@46, northern fresh extras, f. o. b. San Francisco, 46.

BUTTER

Creamery extras, 28 per lb; firsts 25. The jobbing price to the trade is from 3 to 4 cents higher than above quotations.

GRAND JURY MAKES REPORT

(Continued from preceding page)

Grove and Westminster road, has a broken plank.

We believe that the retaining wall at the San Juan river bridge is too short to properly protect the road during high water.

We find that the first bridge west of San Juan line on the Trabuco road, has three broken runners at one end. Bridge on Trabuco road, near old Carrol place or large pepper tree, has one post rotted out and gone.

We find that at the bridge on Chapman street, between Orange and Anaheim, there are growing willows in the river bed both above and below the bridge. We recommend that these trees and all obstruction in the river channel be cleared away at once.

We further recommend that the road district of San Juan Capistrano be placed in charge of one road overseer instead of two as at present.

Highway Commission
We have carefully examined into the records and work done by our highway commission.

We have examined all the highways throughout the county and wish to express our appreciation of the man-

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking laxatives, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

ner in which the commission has performed its work.

We have gone at some length into the purchase by the commission of the rock crusher, concerning which there has been considerable criticism. Such criticism we must conclude, after a careful investigation, is due largely to a lack of information, which at any time, could have been secured from Mr. Whidden, the secretary of the commission. We submit herewith the facts concerning this matter:

Rock Crusher

Taking into consideration the increased freight charges on all rock purchased and shipped in from outside points as compared with the rock crushed at our own plant, and estimating the value of the plant at the present time at nil, the \$3,500 tons of rock crushed at our plant could have been purchased and laid down at the various points where needed at a cost of \$4,175 less than it cost the county to crush and deliver this amount of the rock crushed at its own plant. When we take into consideration, however, the fact that the county furnished this rock to the various construction companies and was under contract to furnish same when needed, and on many occasions found it impossible to do so if they had depended alone upon outside plants, the saving in both time and money thus accomplished, we find will considerably more than offset the additional cost mentioned, and result in an actual saving to the county.

Drainage Districts and Personal Accounts
We find the treasurer's books on the personal property rebate fund correctly balanced with all warrants paid.

We also find the treasurer's books on county redemption fund correctly balanced, showing a balance of \$293.71 on hand.

We find the records and books of the Bolsa drainage district check up correctly with those of the county treasurer.

The records and books of both the Talbert and Newbert district, kept by Miss Cartmell we found in excellent condition. We recommend that the secretaries of the other drainage and protection districts copy Miss Cartmell's methods as they are considerably above the average. We find all warrants issued, correctly entered in the secretary's books, and those paid check up correctly with the books of the county treasurer.

We have also examined the books of Secretary Mac O. Robbins of the Delhi and Newport drainage district and find all warrants issued properly entered in his records and all of those paid check up correctly with the books of the county treasurer.

County Forestry
"To the Grand Jury:
"The statement of forestry expenses for the year ending June 30, 1915, follows:

Salary \$1,591.75
Stenographer 75.00
Office equipment and supplies 328.00
Automobile 965.00
Motor truck 2,325.00
Auto supplies and repairs 138.72

**Remove Waste Matter
That Causes Sickness**

"I cheerfully recommend Foley Cathartic Tablets to any one suffering with constipation or biliousness." George Jenner, 416 Labor St., San Antonio, Texas.

When the bowels are clogged with a mass of poisonous waste, biliousness, sick headache, sour stomach, bloating gases, and general discomfort result. A wholesome and thoroughly cleansing cathartic that will move off the congested mass without griping or nausea is Foley Cathartic Tablets. Take them at bed time, and the next morning you will find a grateful relief, without any discomfort, headache or unpleasant after effects.

They keep the liver healthily active, promote digestion, and shut out headaches and biliousness. Ask your druggist.

Rowley Drug Company

Easy Money

may be made by investing in land if all the conditions are carefully considered, the important elements are, quality and price of land, location with reference to market and social conditions, kind and variety of crops and live stock.

EASY MONEY
may be made if you buy—

83 acres, finest of alfalfa or potato and fruit land, near town and state highway. A fine creek fringed with beautiful oak trees (no overflow land) forms one boundary line of this place. Electric pumping plant and modern cement pipe line. The man who buys this place and puts out—

10 acres to Franquette walnuts,
10 acres to French prunes,
10 acres to Bartlett pears,
5 acres to table grapes,

beans between the tree rows, and alfalfa, potatoes, etc. on the rest of the place should have an independent income and grow rich. Price \$200 per acre, terms.

160 acres, three miles from town, general farming, fruit, and nuts, a snap at \$60.00 per acre.

24 acres, comfortable improvements, good family orchard, \$3000.

560 acres, dandy fine little stock ranch—60 acres are good walnut and almond land. Ask me to show you pictures of this place and tell you all the particulars. Price \$18,000.

EASY MONEY
at Templeton-Paso Robles district because conditions are good.

J. A. Timmons
2220 N. Main St. Phone 644-J.

Nursery seeds, plants and trees 929.81
Water 25.50
Freight and drayage 85.18
Lumber and equipment 1,462.75
Premium on bond 1,709.10
Telephone 5.00
Miscellaneous expenses 39.11
Total \$9,737.30

"The office equipment has been transferred almost entirely to other departments, the linoleum to Justice Cox's court and the desk to the aid commissioner.

"The motor truck and automobile are now available for use by other departments, when not used by the forestry department. For instance, in November the forestry automobile has been out almost daily, but not over six times on forestry work. The forestry truck has been used to haul prisoners to the county hospital and elsewhere almost daily. It has been used two days in November to take concrete iron signs to the county line, and one day by Supervisor Leek.

"The expenditure on the nursery hereafter will be light. We have offered surplus stock for sale, which, if all sold, at the prices offered, will bring in about \$900.00.

"The forestry board employed a man to establish a nursery. We now have that nursery and the forester has been discharged. The department will be run at less expense hereafter. The main item will be labor. At present the labor bill is from \$225 to \$350 a month, chargeable to this fund.

"Our appropriation for the year ending June 30, 1916, is approximately \$7,300, the levy being 1 1/2 cents. There has been expended this fiscal year, up to November, \$2,520.60, of which \$575 was for salary, \$67.75 stenographer and office supplies, \$88.40 GAL FIVE—ADD GRAND JURY miscellaneous, \$24.80 water, \$10.70 telephone, \$786.24 equipment, \$172.63 auto and truck repairs, \$793.35 labor.

"It is the understood policy of the board to seek the co-operation of property owners, and get them to assist in the care of trees planted on highways. It is not the policy to plant where trees will interfere with orchards. It is realized that the finest possible view is of a good orchard.

While only 7 1/2 miles of trees (planted on both sides) were planted last year, many more would have been planted had money been available. The department had just started the season's planting when it had to stop for the season. This year, with an appropriation, the same condition will not arise.

"The board of supervisors has expressed the desire that the planting be finished as soon as possible, so that thereafter the forestry department may be a rapidly decreasing expense.

"The board of forestry has exerted careful supervision over tree trimming and cutting, and has tried to prevent mutilation of trees, though it recognizes the fact that power and telephone wires are public necessities and must be given consideration.

"The board of forestry has control of the court house grounds and the county hospital yards, so far as beautifying is concerned. The county park has not been turned over to it.

"T. E. STEPHENSON,
Secretary Pro Tem."

We recommend that the expenditures of this department be reduced and brought to a minimum basis as rapidly as may be deemed consistent with intelligent management on the part of our board of supervisors.

Taxation.
"Santa Ana, Cal.,
"Nov. 30, 1915.

"Mr. John Cubbon,
"Foreman of Grand Jury.

"Dear Sir:
"In answer to your request of this morning I am submitting the following figures and items:

"You will see that the entire taxes collectable by our tax collector were \$1,208,531.77, of this amount \$74,344.86 was collected for cities, \$73,863.81 for various districts for their special purposes, \$21,118.48 for state purposes, \$425,760.05 for special school.

"This leaves \$633,265.49 for what is generally called county expenditures and of this amount \$128,944.94 was for school taxes and \$124,231.25 for bonds and interest, leaving a total of \$380,089.30 that is expended or controlled by the board of supervisors. This \$380,089.30 controlled by the board of supervisors is the fund out of which expenses are met for salaries, care of indigents, repairing roads other than our good roads system, and all other current expenses of the county.

"The figures are for our past fiscal year, when we spent for school purposes alone in this county \$851,153.73, which were raised as follows:

Special school tax \$425,760.05
County school tax 128,944.94
Total \$554,704.99

Received from state 126,846.10
Sale school property 3,882.78
"The balance of the total, less balance in funds at the end of the year, was money raised on bonds of various districts.

"Respectfully submitted,
"WM. C. JEROME,
"County Auditor."

Schools' Money
It will be seen from these figures that the total amount of money spent on the schools in Orange county for the fiscal year ending June 30, 1915, was \$851,153.73. This money was raised as follows:

Special school district tax \$425,760.05
School districts of the Co. \$425,760.05
County levy 128,944.94
School money from state 126,846.10
Sale of school property 3,882.78
Bonds in various districts 165,719.85

Total \$851,153.73
It will be seen in examining these figures that more than 50 per cent of the total taxes collected in the county have been used in the maintenance of our schools. In addition to tax money, thus collected for school maintenance, must be added the bond money raised by the various districts, state school appropriation, and sale of school property. We are giving these figures to the public not for the purpose of criticising such expenditures, but rather that every one interested may be in a position to judge intelligently just how and for what purposes the taxes paid are being used.

The following table will give a comparison between taxes collected in the years 1912, 1913, 1914 and 1915:

	1912	1913	1914	1915
Taxes for State and county	\$504,301.22	\$551,855.50	\$633,265.49	\$781,181.45
Special school	288,332.09	343,114.64	425,760.05	345,487.39
Fullerton city	41,019.81	45,106.60	50,765.68	58,125.68

Santa Ana City				94,476.65

Total taxes \$891,447.41
Money raised for school purposes in county and state rate for 1914-1915 \$128,944.94
1915-1916 217,119.00

Total amount of increase over 1914-1915 \$ 8,801.40

LARGE VALENCIA CROP SETTING AT PLACENTIA

PLACENTIA, Dec. 3.—That there will be more Valencia oranges produced in the Placentia district this coming season than during the one just past, is stated by T. R. Davies, who has been shipping fruit from this and Fullerton territory for many years. Davies recently made a trip of inspection of the local district and states further that this coming season will net more than 60 per cent of an average crop of navels. Large sizes of navels will be harvested, according to Davies, who shipped 217 cars out of Placentia this season, some 100-pound lots netting the growers as high as \$4.25.

MARMALADE PLANT MOVES TO LARGER ROOM AT ANAHEIM

ANAHEIM, Dec. 3.—Crawford's marmalade factory recently was moved into new quarters, a lease of the west half of the Southern Pacific freight house having been secured. This location has exceptionally good shipping facilities, besides ample floor space. The acquiring of more room was made necessary by the increasing volume of orders received.

This new Anaheim product promises to become an article of general use throughout the country. Already it has been shipped into over half the states of the Union, besides smaller shipments that have gone to Canada.

BIG NEW PACKING PLANT SOON READY

YORBA LINDA, Dec. 3.—The Yorba Linda Citrus Exchange expects to complete its large packing house in about three weeks, when it will be ready for the work of the coming season. This organization is composed of most of the orange growers of the district and will take charge of this fruit in general.

SHIP MANY BEETS
BUENA PARK, Dec. 3.—Nearly 175 cars of sugar beets were shipped this season from here to the Los Alamitos factory. Hundreds of wagon loads also were hauled to the Anaheim factory.

Remove Waste Matter That Causes Sickness

"I cheerfully recommend Foley Cathartic Tablets to any one suffering with constipation or biliousness." George Jenner, 416 Labor St., San Antonio, Texas.

When the bowels are clogged with a mass of poisonous waste, biliousness, sick headache, sour stomach, bloating gases, and general discomfort result. A wholesome and thoroughly cleansing cathartic that will move off the congested mass without griping or nausea is Foley Cathartic Tablets. Take them at bed time, and the next morning you will find a grateful relief, without any discomfort, headache or unpleasant after effects.

They keep the liver healthily active, promote digestion, and shut out headaches and biliousness. Ask your druggist.

Rowley Drug Company

Easy Money
may be made by investing in land if all the conditions are carefully considered, the important elements are, quality and price of land, location with reference to market and social conditions, kind and variety of crops and live stock.

EASY MONEY
may be made if you buy—

83 acres, finest of alfalfa or potato and fruit land, near town and state highway. A fine creek fringed with beautiful oak trees (no overflow land) forms one boundary line of this place. Electric pumping plant and modern cement pipe line. The man who buys this place and puts out—

10 acres to Franquette walnuts,
10 acres to French prunes,
10 acres to Bartlett pears,
5 acres to table grapes,

beans between the tree rows, and alfalfa, potatoes, etc. on the rest of the place should have an independent income and grow rich. Price \$200 per acre, terms.

160 acres, three miles from town, general farming, fruit, and nuts, a snap at \$60.00 per acre.

24 acres, comfortable improvements, good family orchard, \$3000.

560 acres, dandy fine little stock ranch—60 acres are good walnut and almond land. Ask me to show you pictures of this place and tell you all the particulars. Price \$18,000.

EASY MONEY
at Templeton-Paso Robles district because conditions are good.
